

KANEMATSU CORPORATION

CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

Independent Auditor's Report

To the Board of Directors of Kanematsu Corporation

Opinion

We have audited the consolidated financial statements of Kanematsu Corporation and its subsidiaries (the Group), which comprise the consolidated statement of financial position as at March 31, 2022, and the consolidated statement of income, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at March 31, 2022, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in Japan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Impairment assessments of goodwill and the carrier shop operating rights of the domestic subsidiaries' mobile business (Notes to consolidated financial statements 10 Goodwill and Intangible Assets) | |
|--|---|
| Key Audit Matter Description | How Our Audit Addressed the Key Audit Matter |
| <p>Goodwill and the carrier shop operating rights attributed to the mobile business of the domestic subsidiaries of the Company and its subsidiaries were initially recognized as a result of the business combination by Kanematsu Communications Limited., a wholly-owned subsidiary of the Company which operates the mobile communications device distribution agency business, with the entities which operate the same agency business. The balances of goodwill and the carrier shop operating rights as of March 31, 2022 were ¥2,211 million (\$18,073 thousand, 0.3% of total assets of the consolidated financial statements) and ¥16,906 million (\$138,134 thousand, 2.7% of total assets of the consolidated financial statements), respectively. The carrier shop operating rights are rights to earn revenue by operating mobile communications device distribution shops for specific carriers. The rights are identified as indefinite-lived intangible assets because the intangible assets are considered to continue to exist as long as the business continues. This business combination was the acquisition in order to expand market share, and as a result of the business combination, the significance of the mobile business of the domestic subsidiaries to the consolidated results increased. In addition, the impact of the uncertainty of future revenues due to changes in the external environment, such as revisions to the Telecommunications Business Law and changes in mobile phone rate plans by telecommunications carriers, on changes in the gross profit of the mobile business of the domestic subsidiaries is significant. In accordance with International Accounting Standard 36, "Impairment of Assets", the Company and its domestic subsidiaries perform an impairment test annually and whenever there is an indication of impairment for goodwill and the carrier shop operating rights. The recoverable amount of the cash-generating units including goodwill and the</p> | <p>We performed the following principal audit procedures in relation to the impairment assessment of goodwill and the carrier shop operating rights in the domestic subsidiaries' mobile business:</p> <ul style="list-style-type: none"> ● We inquired of management to understand the current business environment and risks of the mobile business. ● We evaluated the design and implementation and tested the operating effectiveness of internal controls related to the impairment assessment process. ● We assessed the reasonableness of the cash-generating units identified by management. ● We obtained results of impairment tests of the cash-generating unit and recalculated management's estimates based on each assumption and model. ● With respect to the five-year forecasts used for the estimation of the value in use, we assessed reasonableness by comparing the current year forecast with the actual results including gross profit and comparing the future changes in revenue and gross profit with the market trends in the domestic mobile business, as well as the forecasts of comparable companies. ● We inspected the Board of Directors' meeting minutes and management committee minutes and compared the five-year forecasts used for the estimation of the value in use above with the forecasts approved by management. ● We compared the growth rates with the historical data published by the Cabinet Office. ● We assessed the discount rate and performed the following procedures: <ul style="list-style-type: none"> ➢ We verified that the model used to determine the discount rate is appropriate. ➢ We verified the consistency of the data used with external information and |

| | |
|--|--|
| <p>carrier shop operating rights in the impairment test is determined based on the value in use. The value in use is calculated by discounting the future cash flows based on the five-year forecasts approved by management and the growth rate to present value. The growth rate is determined considering the nominal GDP growth rate and the long-term average growth rate for the country to which the cash-generating unit belongs. The cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets, based on the nature and geographical location of the business.</p> <p>The assessment of the annual impairment test is based on assumptions with a high degree of estimation uncertainty such as future changes in gross profit due to the changes in the external environment of the mobile business of domestic subsidiaries, the growth rate, and the discount rate. If impairment losses on goodwill and carrier shop operating rights are recognized, such losses could have a material impact on the consolidated financial statements. As such, we concluded that the impairment assessment of the mobile business's goodwill and the carrier shop operating rights is a key audit matter.</p> | <p>internal financial information.</p> |

| Impairment assessment of goodwill related to the domestic subsidiary's card printer business (Notes to consolidated financial statements 10 Goodwill and Intangible Assets) | |
|--|--|
| Key Audit Matter Description | How Our Audit Addressed the Key Audit Matter |
| <p>Goodwill attributed to the card printer business of the domestic subsidiary of the Company was initially recognized as a result of the business combination of G-Printec, Inc. The balance is ¥2,485 million (\$20,310 thousand, 0.4% of total assets of the consolidated financial statements) as of March 31, 2022.</p> <p>The card printer business operates in an industry with competition from both overseas-based and domestic competitors. As the major overseas markets are exposed to changes in market conditions and trends in each country, there is a high degree of estimation uncertainty in the forecasted earnings on changes in the gross profit of the card printer business. In accordance with International Accounting Standard 36, "Impairment of Assets", the Company and its domestic subsidiaries perform an impairment test for goodwill annually and whenever there is an indication of impairment. The recoverable amount of the cash-generating unit including goodwill in the impairment test is determined based on the value in use. The value in use is calculated by discounting the future cash flows based on the five-year forecasts approved by management and the growth rate to present value. The growth rate is determined considering the nominal GDP growth rate and the long-term average growth rate for the country to which the cash-generating unit belongs. The cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets, based on the nature of the business.</p> <p>The assessment of the annual impairment test is based on assumptions with a high degree of estimation uncertainty such as future changes in gross profit due to typical competition in the industry, the growth rate, and the discount rate. If impairment losses on goodwill are recognized, such losses could have a material impact on the consolidated financial statements. As such, we concluded that the</p> | <p>We performed the following principal audit procedures in relation to the impairment assessment of goodwill in the domestic subsidiary's card printer business:</p> <ul style="list-style-type: none"> ● We inquired of management to understand the current business environment and business risks of the card printer business. ● We evaluated the design and implementation and tested the operating effectiveness of internal controls related to the impairment assessment. ● We assessed the reasonableness of the cash-generating unit identified by management. ● We obtained the result of the impairment test of the cash-generating unit and recalculated management's estimates based on each assumption and model. ● With respect to the five-year forecasts used for the estimation of the value in use, we compared the forecasts made previously to the actual results for those prior years including gross profit, and assessed whether the fluctuations in revenue and gross profit in the forecasts are consistent with the market trends in the card printer business. ● We inspected the Board of Directors' meeting minutes and compared the five-year forecasts used for the estimation of the value in use above with the forecasts approved by management. ● We compared the growth rates with the historical data published by the Cabinet Office. ● We assessed the discount rate and performed the following procedures: <ul style="list-style-type: none"> ➢ We verified that the model used to determine the discount rate is appropriate. ➢ We verified the consistency of the data used with external information and internal financial information. |

| impairment assessment of goodwill related to the domestic subsidiary's card printer business is a key audit matter. | |
|---|--|

| Impairment assessment of goodwill related to the overseas subsidiary's steel pipe business (Notes to consolidated financial statements 10 Goodwill and Intangible Assets) | |
|---|--|
| Key Audit Matter Description | How Our Audit Addressed the Key Audit Matter |
| <p>Goodwill of the steel pipe business of the overseas subsidiary of the Company was recognized in connection with the business combination of Benoit Premium Threading, LLC located in the United States. The balance is ¥2,478 million (\$20,250 thousand, 0.4% of total of the consolidated financial statements) as of March 31, 2022.</p> <p>The steel pipe business is significantly impacted by international crude oil prices and trading volumes and has relatively high volatility in its long-term projection of revenue. Therefore, there is a high degree of estimation uncertainty in forecasted earnings on changes in the gross profit of the steel pipe business.</p> <p>In accordance with International Accounting Standard 36, "Impairment of Assets", the Company and its overseas subsidiaries perform an impairment test for goodwill annually and whenever there is an indication of impairment. The recoverable amount of the cash-generating unit including goodwill in the impairment test is determined based on the value in use. The value in use is calculated by discounting the future cash flows based on the five-year forecasts approved by management and the growth rate to present value. The growth rate is determined considering the nominal GDP growth rate and the long-term average growth rate for the country to which the cash-generating unit belongs. The cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets, based on the nature of the business.</p> <p>The assessment of the annual impairment test is based on assumptions which are subject to a high degree of estimation uncertainty such as future changes in gross profit due to future fluctuations in crude oil market prices,</p> | <p>We performed the following principal audit procedures in relation to the impairment assessment of goodwill of the overseas subsidiary's steel pipe business, including the work performed by the auditors of the subsidiary in the United States based on the instructions provided by us:</p> <ul style="list-style-type: none"> ● We inquired of management to understand the current business environment and risks of the steel pipe business. ● We evaluated the design and implementation and tested the operating effectiveness of internal controls related to the impairment assessment. ● We assessed the reasonableness of the cash-generating unit identified by management. ● We obtained the result of the impairment test of the cash-generating unit and recalculated management's estimates based on each assumption and model. ● With respect to the five-year forecasts used for the estimation of the value in use, we assessed reasonableness by comparing the forecasts made previously to the actual results for those prior years including gross profit, and comparing the future changes in revenue and gross profit with external market data from third parties. ● We inspected the Board of Directors' meeting minutes and compared the five-year forecasts used for the estimation of the value in use above with the forecasts approved by management. ● With respect to the discount rate, we used valuation specialists and performed the following procedures. <ul style="list-style-type: none"> ➤ We verified that the model used to determine the discount rate is appropriate. |

| | |
|--|--|
| changes in demand trends and the discount rate. If impairment losses on goodwill are recognized, such losses could have a material impact on the consolidated financial statements, we concluded that the impairment assessment of goodwill regarding the steel pipe business is a key audit matter. | <ul style="list-style-type: none"> ➤ We verified the consistency of the data used with external information and internal financial information. ● We evaluated the adequacy of the work performed by the auditors of the subsidiary in the United States and the evidence obtained, through communication with the auditors and examination of the documents prepared by the auditors. |
|--|--|

Other Information

Other information comprises information included in a document containing audited consolidated financial statements, but does not include the consolidated financial statements and our auditor's report thereon. We have determined that there is no other information and thus have not performed any work on other information.

Responsibilities of Management, Audit & Supervisory Board and each Audit & Supervisory Board Member for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The audit & supervisory board and each audit & supervisory board member are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in Japan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from

error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, while the purpose of the consolidated financial statement audit is not to express an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate whether the presentation and disclosures of the consolidated financial statements are in accordance with International Financial Reporting Standards, the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the audit & supervisory board and each audit & supervisory board member regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the audit & supervisory board and each audit & supervisory board member with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the audit & supervisory board and each audit & supervisory board member, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Convenience translation

The U.S. dollar amounts in the accompanying consolidated financial statements with respect to the year ended March 31, 2022 are presented solely for convenience. Our audit also included the translation of Japanese yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made on the basis described in Note 2 to the consolidated financial statements.

Interest required to be disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Group which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

1. Reporting Entity

Kanematsu Corporation (the “Company”) is a company located in Japan. The addresses of the Company’s registered headquarters and main offices are available on its corporate website (<https://www.kanematsu.co.jp/en/>). The consolidated financial statements of the Company as of and for the year ended March 31, 2022 comprise the Company and its subsidiaries (collectively, the “Consolidated Group”), and the Consolidated Group’s interests in associates and joint ventures. The Consolidated Group operates its businesses as an integrated trading company by providing a broad array of products and services through the organic integration of domestic and international business networks; expertise acquired in various fields; and the functions of a trading company, including commodities trading, information gathering, market exploration, business development and organization, risk management, and distribution. Detailed information on the business operations for each reportable segment are provided in *Note 6 Segment Information*.

2. Basis of Preparing Consolidated Financial Statements

(1) Statement of compliance with IFRS

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRSs”) pursuant to the provision of Article 93 of the Ordinance on Terminology, Forms, and Preparation Methods of Consolidated Financial Statements (Ordinance of the Ministry of Finance No. 28 of 1976) as all the requirements of the “Specified Company for Designated IFRSs” set forth in Article 1-2 of said Ordinance have been fulfilled.

The consolidated financial statements were authorized by Shuji Masutani, Chief Officer, Finance, Accounting, Business Accounting, on July 25, 2022.

(2) Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis except for:

- Financial assets and liabilities measured at fair value through profit or loss, which are measured at fair value;
- Financial assets measured at fair value through other comprehensive income, which are measured at fair value;
- Defined benefit assets or liabilities, which are measured at the present value of the defined benefit obligations less the fair value of plan assets; and
- Impairment of non-financial assets, which are measured at value in use or fair value.

(3) Functional currency and presentation currency

The consolidated financial statements are presented in Japanese yen, which is the Company’s functional currency. All financial information presented in Japanese yen has been rounded down to the nearest million.

The U.S. dollar amounts appearing in the consolidated financial statements and the notes thereto represent the arithmetical results of translating yen to dollars at the rate of ¥122.39 to U.S.\$1.00, the approximate exchange rate prevailing on March 31, 2022. The translation of such dollar amounts is solely for convenience of the readers outside Japan and should not be construed as a representation that the Japanese yen amounts have been, or could be readily converted, realized or settled in dollars at the above, or any other rate.

(4) Use of estimates and judgments

The preparation of the consolidated financial statements in accordance with IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results could differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. The effect of a change in an accounting estimate is recognized in the period of the change and future periods. The following notes include information on critical judgments in the application of accounting policies that have a significant effect on the amounts recognized in the consolidated financial statements:

- Note 3. Significant Accounting Policies: (11) Revenue

The following notes include information on uncertainties of assumptions and estimates that have a significant risk to cause material revisions in the next fiscal year:

- Note 10. Goodwill and Intangible Assets
- Note 22. Impairment Loss
- Note 30. Financial Instruments: (6) Fair value of financial instruments

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

When measuring the fair value of an asset or a liability, the Consolidated Group uses observable market data as much as it is available. Fair values are categorized into the following three hierarchy levels based on the inputs to the valuation techniques:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Consolidated Group can access at the measurement date
- Level 2: inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly
- Level 3: unobservable inputs

The following notes include detailed information on assumptions made when measuring the fair value:

- Note 22. Impairment Loss
- Note 30. Financial Instruments: (6) Fair value of financial instruments

Further, in the current fiscal year, in assessing the impairment of non-financial assets, the recoverable amount is estimated taking into account the impact of COVID-19 on future profit plans. No other impacts from COVID-19 have material effects on the accounting estimates and the assumptions on which the estimates are based.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

3. Significant Accounting Policies

The accounting policies set out below have been applied consistently to all the periods presented in these consolidated financial statements and have been applied consistently by the Consolidated Group.

(1) Basis of consolidation

1) Subsidiaries

Subsidiaries are entities which are controlled by the Consolidated Group. The Consolidated Group controls an entity when it has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When the Consolidated Group holds more than half of the voting rights of another entity, such entity is included in the subsidiaries of the Consolidated Group as it is determined that control exists, unless it can be clearly demonstrated that such ownership does not constitute control. In addition, even when the Consolidated Group holds only half or less of the voting rights of another entity, such entity is included in the subsidiaries of the Consolidated Group if it is determined through agreements with other investors that the Consolidated Group has control over such entity's financial and operating policies and thus has the ability to affect returns from such entity.

The financial statements of subsidiaries are included in the consolidated financial statements of the Consolidated Group from the date the Consolidated Group obtains control of the subsidiaries until the date it loses such control of the subsidiaries. When the accounting policies adopted by the subsidiaries are different from those adopted by the Consolidated Group and the difference is considered material, the financial statements of the subsidiaries are adjusted as necessary.

Changes in the Consolidated Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The Company recognizes directly in equity any difference between the amounts by which the non-controlling interests are adjusted, and the fair value of the consideration paid or received, and attribute it to the owners of the Company.

If the Consolidated Group loses control of a subsidiary, the Consolidated Group derecognizes the assets and liabilities of the former subsidiary, and any non-controlling interests and other components of equity related to the former subsidiary. Any gains or losses arising from such loss of control are recognized in profit or loss. If the Consolidated Group retains any interest in the former subsidiary after the control is lost, such interest is measured at fair value at the date that control is lost.

2) Associates and joint ventures

Associates are those entities over which the Consolidated Group has significant influence, where significant influence is defined as the power to participate in the financial and operating policy decisions of the entities but is not control or joint control of those entities. If the Consolidated Group holds between 20 percent and 50 percent of the voting rights of each those entities, it is presumed that the Consolidated Group has significant influence over each of those entities.

Even if the Consolidated Group holds less than 20 percent of the voting rights of another entity, such entity is included in the associates of the Consolidated Group as long as it is determined that the Consolidated Group has significant influence over the entity through the dispatch of the board members, the shareholders' agreement or the like.

Joint ventures are those entities with respect to which multiple parties, including the Consolidated Group, have joint control over the economic activities by contract and unanimous consent of all of such parties is required when deciding on the relevant activities, whereby the Consolidated Group has rights to the net assets of the arrangement.

Except for those that are classified as assets held for sale in accordance with IFRS 5 *Non-current Assets Held for Sale and Discontinued Operations*, investments in associates and joint ventures ("equity method investee") are measured at the carrying amount following the application of the equity method (including goodwill recognized at the time of acquisition) less any accumulated impairment losses.

The consolidated financial statements include the Consolidated Group's share of profit or loss and other comprehensive income of the associates and joint ventures from the date the Consolidated Group obtains significant influence or joint control until the date it loses such significant influence or joint control. When the accounting policies adopted by the equity method investees are different from those adopted by the Consolidated Group, the financial statements of the equity method investees are adjusted as necessary.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

3) Business combinations

Business combinations are accounted for using the acquisition method. The Consolidated Group recognizes goodwill as the sum of the fair value of the consideration transferred, the amounts of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree measured at the acquisition date; less the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed (generally measured at fair value). When such difference results in a negative balance, it is immediately recognized in profit or loss. Non-controlling interests are measured either at fair value or at the non-controlling interests' proportionate share in the recognized amounts of the acquiree's identifiable net assets. The measurement method to be applied at the acquisition date is determined on a transaction-by-transaction basis. Acquisition-related costs, which are costs that the Consolidated Group incurs to effect a business combination (excluding costs to issue debt or equity securities), are accounted for as expenses in the periods in which the costs are incurred, and thus not included in the cost of goodwill. In a business combination achieved in stages, the Consolidated Group remeasures its previously held equity interest in the acquiree at its acquisition-date fair value and recognizes any gains or losses arising from such remeasurement in profit or loss. Changes in the value of the Consolidated Group's equity interest in the acquiree that had been recognized in other comprehensive income prior to the acquisition date are recognized in profit or loss, or other comprehensive income, on the same basis as would be required if the Consolidated Group had disposed of the previously held equity interest.

4) Transactions eliminated in consolidation

Intragroup balances and transactions, as well as any unrealized gains and losses arising from intragroup transactions, are eliminated when preparing the consolidated financial statements.

(2) Foreign currency translation

1) Translation of foreign currency transactions

Foreign currency transactions are translated into functional currencies of individual companies using the exchange rates at the dates of such transactions. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated into functional currencies using the exchange rate at the end of each reporting period. Exchange differences on monetary items are recognized in profit or loss in the period in which they arise. Non-monetary items that are measured on a historical cost basis in a foreign currency are translated into the functional currency using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated into the functional currency using the exchange rates at the date when the fair value was measured.

With respect to the exchange differences of a non-monetary item, when a gain or loss on a non-monetary item is recognized in other comprehensive income, the Consolidated Group recognizes any exchange component of that gain or loss in other comprehensive income. Conversely, when a gain or loss on a non-monetary item is recognized in profit or loss, the Consolidated Group recognizes any exchange component of that gain or loss in profit or loss.

2) Translation of foreign operations

The assets and liabilities of foreign operations, including any goodwill and fair value adjustments arising on the acquisition of foreign operations, are translated using the exchange rate at the end of the reporting period. In addition, income and expenses of foreign operations are translated using the average exchange rate for the reporting period unless exchange rates fluctuate significantly.

Exchange differences arising from the translation are recognized in other comprehensive income and the cumulative amounts of the exchange differences are included in other components of equity. When the Consolidated Group's foreign operations are disposed of, the cumulative amounts of the exchange differences related to foreign operations are reclassified to profit or loss when the gain or loss on disposal is recognized.

(3) Cash and cash equivalents

Cash and cash equivalents are comprised of cash on hand; demand deposits; and short-term, highly liquid investments with a maturity of three months or less from the date of acquisition that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

(4) Inventories

Inventories are measured at the lower of cost determined by the moving-average method and net realizable value.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(5) Property, plant and equipment

The Consolidated Group uses the cost model to measure an item of property, plant and equipment after initial recognition and carries it at its cost less any accumulated depreciation and any accumulated impairment losses. The cost of property, plant and equipment include the cost directly attributable to the acquisition of the asset.

Property, plant and equipment are depreciated using the straight-line method over the estimated useful life of each component thereof. The ranges of principal estimated useful lives are approximately presented as follows:

| | |
|---|---------------|
| Buildings and structures: | 3 to 50 years |
| Machinery, vehicles, tools, furniture & fixtures: | 2 to 20 years |

Right-of-use assets are fully depreciated over the shorter of the lease term and their estimated useful lives if there is no reasonable certainty that the Consolidated Group will obtain ownership by the end of the lease term.

The depreciation method, useful life and residual value of an asset are reviewed at least at the end of each reporting period and amended as necessary.

(6) Goodwill and intangible assets

1) Goodwill

Goodwill is carried at cost less any accumulated impairment losses.

2) Intangible assets

The Consolidated Group uses the cost model to measure an intangible asset after initial recognition and carries it at its cost less any accumulated amortization and any accumulated impairment losses.

A separately acquired intangible asset is initially recognized and measured at cost. The cost of an intangible asset acquired in a business combination is its fair value at the acquisition date. With respect to an internally generated intangible asset that does not qualify for asset recognition, expenditures on such an internally generated intangible asset are recognized as expenses when they are incurred. Conversely, the cost of an internally generated intangible asset that qualifies for asset recognition is the sum of expenditures incurred from the date when it first meets the recognition criteria.

An intangible asset with a finite useful life is amortized using the straight-line method over its estimated useful life. The Consolidated Group's intangible assets with finite useful lives are comprised mainly of software whose estimated useful life is 5 years.

The amortization method, useful life and residual value of an intangible asset with a finite useful life are reviewed at the end of each reporting period and amended as necessary.

Certain intangible assets with indefinite useful lives such as carrier shop operating rights are not amortized, but instead tested for impairment based on the cash-generating unit at least once a year and whenever there is an indication that they may be impaired.

(7) Impairment of non-financial assets

The Consolidated Group assesses at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, it estimates the recoverable amount of the asset or the cash-generating unit to which the asset belongs. Goodwill and an intangible asset with an indefinite useful life are tested for impairment annually and whenever there is an indication that such assets may be impaired. If the carrying amount of an individual asset or the cash-generating unit exceeds its recoverable amount, the carrying amount of the asset is reduced to its recoverable amount and that reduction is recognized as an impairment loss.

The Consolidated Group assesses at the end of each reporting period whether there is any indication that an impairment loss recognized in prior fiscal years for an asset other than goodwill may no longer exist or may have decreased. If any such indication exists, the Consolidated Group will estimate the recoverable amount of that asset. If the recoverable amount exceeds the carrying amount of that asset or the cash-generating unit to which the asset belongs, the carrying amount is increased to its recoverable amount, which is, however, limited up to the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized for the asset in prior fiscal years; and that increase is recognized as a reversal of an impairment loss. An impairment loss recognized for goodwill is not reversed in a subsequent period.

In addition, because goodwill that forms part of the carrying amount of an investment in an equity method investee is not separately recognized, it is not tested for impairment separately. If it is indicated that the investment in an equity method investee may be impaired, the entire carrying amount of the investment is tested for impairment as a single asset, by comparing its recoverable amount with its carrying amount.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(8) Financial instruments

1) Financial assets

The Consolidated Group classifies financial assets at initial recognition as financial assets measured at fair value through profit or loss, financial assets measured at fair value through other comprehensive income or financial assets measured at amortized cost. The Consolidated Group initially recognizes financial assets measured at amortized cost on the date that they arise and the other financial assets on the transaction date.

The Consolidated Group derecognizes a financial asset when, and only when (a) the contractual rights to cash flows from the financial asset expire, or (b) it transfers the contractual rights to cash flows and substantially all the risks and rewards of ownership of the financial asset.

(i) Financial assets measured at amortized cost

A financial asset that meets both of the following conditions is classified as a financial asset measured at amortized cost:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flow and,
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Consolidated Group initially recognizes and measures a debt instruments measured at amortized cost at its fair value plus any transaction costs directly attributable to the acquisition of the financial asset. The Consolidated Group subsequently measures it at amortized cost using the effective interest method.

(ii) Financial assets measured at fair value through other comprehensive income

(a) Debt instruments

Debt instruments that meet both of the following conditions is classified as a financial asset measured at fair value through other comprehensive income:

- The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial assets and,
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Consolidated Group initially recognizes and measures a debt instruments measured at fair value through other comprehensive income at its fair value plus any transaction costs directly attributable to the acquisition of the financial asset. The Consolidated Group subsequently measures it at fair value and recognizes the subsequent changes in fair value as other comprehensive income. When the financial asset is derecognized, the cumulative gain or loss is reclassified to profit or loss.

(b) Equity instruments

With regard to a financial asset that has classified as a financial asset measured at fair value through profit or loss, IFRS 9 permits an entity to make an irrevocable election to present in other comprehensive income changes in fair value of an investment in an equity instrument that is not held for trading. The Consolidated Group makes this election on an instrument-by-instrument basis.

The Consolidated Group initially recognizes and measures an equity instrument measured at fair value through other comprehensive income at its fair value plus any transaction costs directly attributable to the acquisition of the financial asset. The Consolidated Group subsequently measures it at fair value and recognizes the subsequent changes in fair value as other comprehensive income. When the equity instrument is derecognized, or its fair value substantially decreases, the Consolidated Group reclassifies the cumulative amount of other comprehensive income to retained earnings and not to profit or loss. Dividends are recognized in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

(iii) Financial assets measured at fair value through profit or loss

A financial asset other than those classified as (i), (ii) and (iii) above is classified as a financial asset measured at fair value through profit or loss.

The Consolidated Group initially recognizes and measures a financial asset measured at fair value through profit or loss at its fair value and expenses the transaction costs as incurred that are directly attributable to the acquisition of the financial asset. The Consolidated Group subsequently measures it at fair value and recognizes the subsequent changes in fair value in profit or loss.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

2) Impairment of financial assets

The Consolidated Group assesses impairment of financial assets measured at amortized cost and financial assets measured at fair value through other comprehensive income based on the expected credit loss approach.

If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Consolidated Group measures the loss allowance for that financial instrument at an amount equal to the 12-month expected credit losses, i.e., the expected credit losses that result from default events on that financial instrument that are possible within the 12-months after the reporting date. Conversely, if, at the reporting date, the credit risk on that financial instrument has increased significantly since initial recognition, the Consolidated Group measures the loss allowance for that financial instrument at an amount equal to the lifetime expected credit losses, i.e., the expected credit losses that result from all possible default events over the expected life of that financial instrument.

However, the Consolidated Group always measures the loss allowance for trade receivables, contract assets and lease receivables at an amount equal to the lifetime expected credit losses despite the above requirement.

If there is any objective evidence that financial assets are credit-impaired, such as a borrower's significant financial difficulty, a breach of contract of default or delinquency by the borrower, etc., the Consolidated Group measured interest income to net carrying amount after deducting loss allowance following the effective interest method.

Detailed information on the assessment of significant increases in credit risk and the measurement of expected credit losses is provided in *Note 30. Financial Instruments: (3) Credit risk management*.

3) Financial liabilities

The Consolidated Group classifies financial liabilities at initial recognition as financial liabilities measured at fair value through profit or loss or financial liabilities measured at amortized cost. The Consolidated Group initially recognizes financial liabilities measured at amortized cost on the date that they arise and the other financial liabilities on the transaction date.

The Consolidated Group derecognizes financial liabilities when they are extinguished, i.e., when obligations specified under a contract is discharged, cancelled or expires.

(i) Financial liabilities measured at amortized cost

The Consolidated Group classified financial liabilities, other than financial liabilities measured at fair value through profit or loss, as financial liabilities measured at amortized cost. The Consolidated Group initially recognizes and measures a financial liability measured at amortized cost at its fair value less any transaction costs directly attributable to incurring of the liability, and subsequently measures it at amortized cost using the effective interest method.

(ii) Financial liabilities measured at fair value through profit or loss

The Consolidated Group initially recognizes and measures a financial liability measured at fair value through profit or loss at its fair value, and subsequently measures it at fair value and recognizes subsequent changes in fair value in profit or loss.

4) Derivatives and hedge accounting

In order to hedge the foreign currency fluctuation risk, interest rate fluctuation risk and commodity price fluctuation risk, the Consolidated Group enters into derivative transactions, such as forward exchange transactions, interest rate swap transactions and commodity futures and forwards transactions.

When initiating a hedge, the Consolidated Group designates and documents the risk management purposes and strategies regarding the hedge relationship and initiation of such hedge. Such documentation includes the designation of the hedging instrument, the hedged item or transaction, the nature of the risk being hedged and methods of assessing the hedging instrument's effectiveness in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. In addition, such hedging is assessed on an ongoing basis whether it was actually effective throughout the reporting periods was designated.

The Consolidated Group initially recognizes and measures derivatives at fair value and subsequently measures them at fair value and accounts for subsequent changes in fair value as follows:

(i) Fair value hedge

The Consolidated Group recognizes the changes in fair value of a derivative used as a hedging instrument in profit or loss, and the changes in fair value of a hedged item attributable to the hedged risk in profit or loss by adjusting the carrying amount of the hedged item.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(ii) Cash flow hedge

Of the changes in fair value of a derivative used as a hedging instrument, the portion determined to be effective is recognized in other comprehensive income and the cumulative amount is included in other components of equity. Conversely, the portion determined to be ineffective is recognized in profit or loss. The amounts accumulated in other components of equity are reclassified from other components of equity to profit or loss in the same period that the transaction of the hedged item affects profit or loss; provided, however, that if hedging of a forecast transaction subsequently results in the recognition of a non-financial asset or liability, the amounts accumulated in other components of equity are then accounted for as an adjustment to the initial carrying amount of the non-financial asset or liability.

When the hedging instrument expires or is sold, terminated or exercised; or when the hedge no longer meets the criteria for the hedge accounting, the Consolidated Group discontinues the hedge accounting prospectively. The amounts accumulated in other components of equity remain in equity when hedge accounting is discontinued and are recognized in profit or loss when the forecast transaction is recognized in profit or loss. However, if the forecast transaction is no longer expected to occur, the amounts accumulated in other components of equity are reclassified immediately from other components of equity to profit or loss.

(iii) Derivatives not designated as hedging instruments

The Consolidated Group recognizes the changes in fair value of derivatives not designated as hedging instruments in profit or loss.

5) Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount of such offset is presented in the consolidated statements of financial position only when the Consolidated Group has a legally enforceable right to offset the recognized amounts and intends either to settle them on a net basis or realize the assets and settle the liabilities simultaneously.

(9) Provisions

The Consolidated Group recognizes a provision when, only when (a) the Consolidated Group has a present obligation (legal or constructive) as a result of a past event; (b) it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and (c) a reliable estimate can be made of the amount of the obligation.

Where the effect of the time value of money is material, the Consolidated Group recognizes the provision by discounting it using a current pre-tax discount rate that reflects the risks specific to the liability.

(10) Equity

When the Consolidated Group repurchases the shares of treasury stock, it is measured at cost and is presented as a deduction from equity. Transaction costs directly attributable to the repurchase of the shares of treasury stock are deducted from capital surplus. When the Consolidated Group sells the shares of treasury stock, the consideration received is recognized as an increase in equity.

(11) Revenue

1) Revenue recognition policies

The Group recognizes revenue from contracts with customers based on the following five-step approach. When determining whether a performance obligation is satisfied by a principal or an agent and when determining the timing at which the Group satisfies the performance obligation, the Group makes judgments that have a significant impact on the amounts recognized in the consolidated financial statements.

Step 1: Identifying the contracts with customers

Step 2: Identifying the performance obligations in the contracts

Step 3: Determining the transaction price

Step 4: Allocating the transaction price to the performance obligations in the contracts

Step 5: Recognizing revenue when (or as) the Group satisfies the performance obligations

When a single contract consists of multiple performance obligations, the Group allocates the transaction price to the separate performance obligations and recognizes revenue as each performance obligation is satisfied. When multiple contracts must be combined and considered a single contract because of the economic substance of those contracts, the Group recognizes revenue by combining those contracts.

In identifying a performance obligation, the Group reviews whether it is a principal or an agent, and if the nature of the Group's promise with the customer is a performance obligation to provide the identified goods or services itself. The Group recognizes revenue at the total amount of consideration received from the customer as a principal. On the other hand, if the performance obligation is to arrange for the identified goods or services to be provided by another party, the Group recognizes revenue at the net amount of the commission, and other contract-related costs as an agent.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

In reviewing to identify whether a principal or an agent, the Group makes a comprehensive judgement based on the following indicators.

- Whether the Group is primarily responsible for fulfilling the contract.
- Whether the Group has the inventory risk both when goods are shipped and when goods are returned before and after the customer places an order for the goods.
- Whether the Group has discretion in establishing the price for the goods or services of the other party.

The Group measures revenue based on the consideration promised under contracts with customers, there is no significant variable consideration.

Consideration for transactions does not include a significant financing component, because payment typically occurs within one year after performance obligations are fulfilled.

2) Timing of revenue recognition

The Group mainly sells goods such as ICT and communications equipment, security devices, mobile communication terminals, grain, meat products and seafoods, petroleum products, and aerospace- and ship-related products in the four segments of Electronics and Devices, Foods, Meat and Grain, Steel, Materials and Plant, and Motor Vehicles and Aerospace. It recognizes revenue at the time when performance obligations are generally delivered because customers obtain control of the goods and the performance obligations are satisfied at the time of delivery.

With respect to service transactions such as maintenance and operations of ICT and communications systems, which occur mainly in the Electronics and Devices segment, the Group recognizes revenue over a period of time for each individual contract in accordance with the satisfaction of the performance obligations of the contract.

(12) Finance income and finance costs

Finance income comprises interest income, dividend income, gain on sale of financial instruments and gain arising from changes in fair value of financial instruments. Interest income is recognized at the time of receipt by using the effective interest method. Dividend income is recognized on the date when the Consolidated Group's right to receive payment is established. Finance costs comprise interest expenses, loss on sale of financial instruments and loss arising from changes in the fair value of financial instruments.

(13) Employee benefits

1) Post-retirement benefits

(i) Defined benefit plans

Defined benefit plans are retirement benefit plans other than defined contribution plans. Defined benefit obligations are calculated separately for each plan by estimating the future amounts of benefits that employees will earn in return for their services provided in the current and prior periods, and discounting such amounts in order to determine the present value.

The fair value of any plan assets is deducted from the present value of the defined benefit obligations. The discount rate is determined by reference to the market yields on highly rated corporate bonds at the fiscal year-end that have maturity terms that are approximately the same as those of the Consolidated Group's defined benefit obligations and use the same currencies as those used for future benefits payments.

When the retirement benefit plans are amended, the change in defined benefit obligations related to past service by employees is immediately recognized in profit or loss.

The Consolidated Group recognizes the changes in the net defined benefit liability (asset) due to remeasurements in other comprehensive income and immediately reclassifies them to retained earnings.

(ii) Defined contribution plans

Defined contribution plans are retirement benefit plans under which an employer pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further contributions. The obligations already paid or to be paid as contributions under the defined contribution plans are recognized as expenses in the period in which the employees render the related services.

2) Other long-term employee benefits

The Consolidated Group recognizes obligations for long-term employee benefits other than post-employment benefits as a liability by estimating the amounts as of the reporting date that will be paid to the employees in return for their services without discounting that amounts unless it is material.

3) Short-term employee benefits

The Consolidated Group recognizes short-term employee benefits as a liability and an expense by estimating the amounts that will be paid to the employees in return for their services without discounting those amounts. The Consolidated Group recognizes bonuses to be paid pursuant to the bonus system as a liability when it has present legal or constructive obligations to pay as a result of past employee service, and when the amounts of the obligations can be estimated reliably.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(14) Income taxes

Income tax expenses comprises current tax expense and deferred tax expense. The Consolidated Group recognizes them in profit or loss, except when they arise from items that are recognized in other comprehensive income or directly equity, and from business combinations.

Current tax expense is measured by the expected taxes receivable from or taxes payable to tax authorities, and the tax rates or tax laws that are used to calculate the tax amount are those that have been enacted or substantially enacted by the end of the fiscal year.

The Consolidated Group recognizes deferred tax assets and deferred tax liabilities for temporary differences between the carrying amount of an asset and liability in the statements of financial position and its tax base, the unused tax losses carried forward and unused tax credits carried forward. The amounts of deferred tax assets and deferred tax liabilities are calculated by applying the expected tax rate or tax law applicable as of the period in which assets are realized or liabilities are settled in accordance with a statutory tax rate or a substantially enacted statutory tax rate and the tax law as of the fiscal year-end. The Consolidated Group does not recognize deferred tax assets and deferred tax liabilities in the following cases:

- When taxable temporary differences arise from the initial recognition of goodwill;
- When they arise from the initial recognition of an asset or a liability in a transaction which is not a business combination; and on the transaction date, affects neither accounting profit nor taxable profit (tax loss); or,
- With respect to taxable temporary differences associated with investments in subsidiaries and associates, when the Consolidated Group is able to control the timing of the reversal of the temporary differences; and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets and deferred tax liabilities are offset only when the Consolidated Group has a legally enforceable right to offset the current tax assets against current tax liabilities, and such deferred tax assets and liabilities relate to income taxes levied on the same taxation entity. However, even in the case of different taxable entities, the Consolidated Group can offset if the tax taxable entities intend either to settle current tax liabilities and assets on a net bases, or to realize the assets and settle the liabilities simultaneously. Deferred tax assets are recognized for deductible temporary differences, the unused tax losses carried forward and unused tax credits carried forward to the extent that it is probable that they can be used against future taxable profit. The carrying amounts of deferred tax assets are reassessed at each fiscal year-end, and such carrying amount will be reduced to the extent it is no longer probable that related tax benefits from such assets will be realized. Unrecognized deferred tax assets are also reassessed at the end of each reporting period and are recognized to the extent that it is probable that future taxable profit will be available to recover the deferred tax assets.

The Company and its wholly owned domestic subsidiaries apply the consolidated tax payment system, by which the Company and its wholly owned domestic subsidiaries are allowed to file a tax return and pay the corporation tax as a consolidated tax filing group.

(15) Leases

At inception of a contract, the Consolidated Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. For a contract that is, or contains, a lease, the Consolidated Group recognizes the lease liability and the right-of-use asset.

Lease liability is measured at the present value of discounted unpaid lease payments, using the interest rate implicit in the lease or the Consolidated Group's incremental borrowing rate, at the commencement date of the lease contract. After the commencement date, the lease liability is measured by increasing or reducing the carrying amount to reflect interest rate and lease payments made. In addition, if there is a revision to the lease term or a change in the assessment of an option, lease liability is remeasured to be reflected in the carrying amount. The lease term is determined by taking into consideration an option to terminate the lease and an option to extend the lease term during the non-cancellable period of the lease.

A right-of-use asset is measured at the acquisition cost that adjusts the initial measurement amount of lease liability on the commencement date of the lease contract mainly for initial direct costs and expenses for restoration to the condition required by the terms and conditions of the lease, and it is depreciated by the straight-line method over the shorter of the estimated useful life and the lease term.

For short-term leases with a lease term of 12 months or less, the Consolidated Group does not recognize lease liability and a right-of-use asset by applying recognition exemption, and recognizes them as expenses on a straight-line basis over the lease term.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

When the Consolidated Group is the lessor, it classifies each of its leases as either an operating lease or a finance lease, and accounts as follows:

1) Finance lease

A finance lease is a lease that transfers substantially all the risks and rewards incidental to ownership of an underlying asset. At the commencement date of the lease, the Consolidated Group recognizes assets held under a financial lease in its consolidated statement of financial position and presents them as a receivable at an amount equal to net investment in the lease.

2) Operating lease

An operating lease is a lease other than a finance lease. The Consolidated Group presents the assets subject to the operating lease in its consolidated statement of financial position and recognizes lease payments from operating leases as income on either a straight-line basis or another systematic basis.

(16) Share-based payments

The Consolidated Group introduces a performance-linked stock compensation plan as an incentive plan for its Directors and Executive Officers. Grants under the equity-settled share-based payment plan are measured at the fair value on the date of grant, and are recognized as an expense from the date of grant through the vesting period and recognize the same amount as an increase in capital surplus.

4. Standards and Interpretations issued but not yet adopted

The newly issued or amended standards and interpretations, which were publicly announced prior to the date of the authorization for issuance of the consolidated financial statements is presented as follows, and the Consolidated group has not applied this. However, there are no material effects on the financial statements.

| Standards | When to apply forcibly | The consolidated group applies | Overview of newly issued or amended |
|-----------------------|------------------------|---|---|
| IAS 12 “Income Taxes” | 1 January 2023 | For the fiscal year ending March 31, 2024 | Clarification of the accounting methods which is deferred tax assets and deferred tax liabilities from a single transaction |

5. Business Combinations

No major business combinations took place in the fiscal year under review (from April 1, 2021 to March 31, 2022) and the previous fiscal year (from April 1, 2020 to March 31, 2021).

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

6. Segment Information

(1) Overview of Reportable Segments

The reportable segments of the Consolidated Group are components of the Consolidated Group for which discrete financial information is available and are reviewed by the Board of Directors of the Company normally and regularly assesses its business performance and examines the allocation of management resources.

The Consolidated Group offers a broad array of merchandise and services, using expertise in each business field and trading function from Japan and its international network. Trading functions include commercial trade, information gathering, market development, business development, risk management and logistics.

The Consolidated Group therefore consists of merchandise and service segments based on its business units: “Electronics and Devices”, “Foods, Meat and Grain”, “Steel, Materials and Plant”, and “Motor Vehicles and Aerospace”.

The principal merchandise and services handled by each segment are presented as follows:

(Electronics and Devices)

The Electronics and Devices segment provides a wide range of products including electronic parts and components, semiconductor and LCD manufacturing equipment, materials and indirect materials related to electronics, coupled with development and proposal services. This segment also deals with mobile communications terminals, mobile internet systems, and information and telecommunication equipment and security equipment and services.

(Foods, Meat and Grain)

The Foods, Meat and Grain segment integrates the handling of a broad array of food and foodstuffs, with operations ranging from sourcing raw materials reliably to providing food and foodstuffs, including high value-added products. Merchandise in this segment includes cooked foods, processed fruits, processed agricultural products, plant based meats, alcoholic beverages, beverage ingredients, animal and fishery products, wheat, rice, soybeans, feedstuff ingredients and pet foods.

(Steel, Materials and Plant)

The Steel, Materials and Plant segment operates the domestic and international trade of general steel products including steel plates, bars and wire rods, pipes, and stainless products, carries out overseas projects such as plant and infrastructure development, and sells machine tools and industrial machinery. Additionally, this segment operates the domestic and international trade of crude oil, petroleum products, LPG, functional chemicals and food products, pharmaceuticals and pharmaceutical intermediates, and other products. It also operates businesses related to environmental and emissions rights.

(Motor Vehicles and Aerospace)

The Motor Vehicles and Aerospace segment primarily operates international trade of aircrafts, helicopters, satellite- and aerospace-related products, defense-related products, automobiles, motorcycles, industrial vehicles and related parts, etc., and also provides products with added value based on demand or use.

(2) Information on reportable segments

The accounting methods for the reportable operating segments are consistent with those stated in *Note 3. Significant Accounting Policies*. Inter-segment revenue and transfers are based on the transaction prices to external customers.

(Notes) 1. The "Others" column is an operating segment that is not included in the reportable segments and includes the logistics and insurance service business and the geographic improvement business.

2. Adjustments are presented as follows:

- (1) Adjustment for operating profit (loss) of ¥16 million (\$133 thousand) includes inter-segment elimination of ¥16 million (\$133 thousand).
- (2) Adjustment for segment profit (loss) of ¥340 million (\$2,780 thousand) includes inter-segment elimination of ¥4 million (\$33 thousand) and corporate costs of ¥336 million (\$2,746 thousand) that are not allocated to any reportable segment. The corporate costs consist mainly of difference between deferred income tax that are arising in the Company's and deferred income tax that are allocated to any reportable segment by calculation.
- (3) Adjustment for segment assets of ¥43,327 million (\$354,009 thousand) includes inter-segment elimination of ¥(9,413) million (\$76,917 thousand) and corporate assets of ¥52,740 million (\$430,926 thousand) that are not allocated to any reportable segment. The corporate assets consist mainly of cash and bank deposits associated with financing activities and assets such as investment securities.
- (4) Adjustment for depreciation and amortization of ¥(20) million (\$167 thousand) includes inter-segment elimination of ¥(20) million (\$167 thousand).
- (5) Adjustment for investments accounted for using the equity method of ¥(2) million (\$21 thousand) includes inter-segment elimination of ¥(2) million (\$21 thousand).
- (6) Adjustment for capital expenditures of ¥641 million (\$5,244 thousand) includes inter-segment elimination of ¥(94) million (\$769 thousand) and corporate assets of ¥735 million (\$6,013 thousand) that are not allocated to any reportable segment. The corporate assets consist mainly of lease equipment for information systems of the subsidiary.

3. Capital expenditures do not include right-of-use assets.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(3) Impairment test of goodwill and intangible assets with indefinite useful lives

The Consolidated Group's cash-generating units to which goodwill and intangible assets with indefinite useful lives has been allocated are tested for impairment annually, and whenever there is an indication that such assets may be impaired. The carrying amount of significant goodwill and intangible assets with indefinite useful lives allocated to the Consolidated Group's cash-generating units are as follows:

| | JPY | | USD |
|---|--------|--------|---------|
| | 2022 | 2021 | 2022 |
| Goodwill | | | |
| Electronics & Devices segment | | | |
| Electronics business of the domestic subsidiaries | 4,743 | 4,743 | 38,755 |
| Mobile business of the domestic subsidiaries | 2,211 | 2,129 | 18,073 |
| Steel, Materials & Plant segment | | | |
| Steel pipe business of the foreign subsidiaries | 2,478 | 2,241 | 20,250 |
| Carrier shop operating rights | | | |
| Electronics & Devices segment | | | |
| Mobile business of the domestic subsidiaries | 16,906 | 16,906 | 138,134 |

The impairment test of goodwill and intangible assets with indefinite useful lives is conducted by evaluating the recoverable amount of the cash-generating units. The recoverable amounts of the Consolidated Group's cash-generating units to which significant goodwill and intangible assets with indefinite useful lives have been allocated were calculated based on its value in use forecast for up to five years and the growth rate that were approved by management. The cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets, based on the nature and geographical location of the business.

In addition, the main assumptions used to determine the value in use was the estimation of gross profits, growth rates and discount rates. The growth rates are determined by considering the forecasts of the nominal GDP growth rates of the countries in which such Consolidated Group's cash-generating units are located and the average long-term growth rates of the markets or countries to which the Consolidated Group's cash-generating units operate. The cash-generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets, based on the nature and geographical location of the business. The growth rate after the fifth year used in the impairment test is 0% as of the fiscal years ended March 31, 2022 and March 31, 2021.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

The pre-tax discount rates which were used in calculating the value in use of the Consolidated Group's cash-generating units to which significant goodwill and carrier shop operating rights have been allocated are as follows:

| | 2022 | 2021 |
|---|-------|-------|
| Goodwill | | |
| Electronics & Devices segment | | |
| Electronics business of the domestic subsidiaries | 6.9% | 7.1% |
| Mobile business of the domestic subsidiaries | 6.9% | 8.2% |
| Steel, Materials & Plant segment | | |
| Steel pipe business of the foreign subsidiaries | 13.8% | 12.5% |
| Carrier shop operating rights | | |
| Electronics & Devices segment | | |
| Mobile business of the domestic subsidiaries | 6.9% | 7.7% |

It is unlikely to be impaired significantly even if major assumptions used for the impairment test changed within a reasonable and predictable scope.

The contents of significant goodwill and intangible assets with indefinite useful lives are presented as follows:

Mobile business of the domestic subsidiaries

Goodwill and the carrier shop operating rights in the mobile business of the domestic subsidiaries were recognized upon acquisition of the mobile business by Kanematsu Communications Ltd., a consolidated subsidiary of the Company. For the fiscal year ended March 31, 2022, goodwill was recognized at ¥2,211 million (\$18,073 thousand) and carrier shop operating rights of ¥16,906 million (\$138,134 thousand) were recognized. The purpose of the acquisition was to expand market share, and the acquisition increased the size of the mobile business of the domestic subsidiaries on the consolidated financial statements. In addition, the gross profit of the mobile business of domestic subsidiaries may fluctuate due to the uncertainty of future earnings caused by changes in the external environment, such as amendments to the Telecommunications Business Act and cell phone rate plan changes by mobile carriers. The carrier shop operating rights are rights to earn revenue by operating mobile communications device distribution shops for specific carriers. The rights are identified as indefinite-lived intangible assets because the intangible assets are considered to continue to exist as long as the business continues.

The value in use that used in the impairment test for goodwill and carrier shop operating rights is assessed using the present value of cash flows based on five-year forecast and growth rates that reflect the most recent business environment.

Card printer business

Goodwill in the card printer business, one of the key business of the Electronics business of the domestic subsidiaries, was recognized as upon acquisition of G-Printec, Inc. For the fiscal year ended March 31, 2022, goodwill was recognized at ¥2,485 million (\$20,310 thousand). In addition, the gross profit of the card printer business of domestic subsidiaries may fluctuate due to the uncertainty of future earnings since card printer business faces sales competition with overseas and domestic competitors, and the overseas market, which is the main market, is exposed to changes in market conditions and trends in each country.

The value in use that used in the impairment test for goodwill is assessed using the present value of cash flows based on five-year forecast and growth rates that reflect the most recent business environment.

Steel pipe business of the foreign subsidiaries

Goodwill in the steel pipe business was recognized upon the acquisition of Benoit Premium Threading, LLC located in the United States. For the fiscal year ended March 31, 2022, goodwill of ¥2,478 million (\$20,250 thousand) was recognized. In addition, the gross profit of the steel pipe business may fluctuate due to the uncertainty of future earnings since steel pipe business is greatly affected by international crude oil prices and trading volumes, and the volatility of long-term earnings forecasts is relatively high.

The value in use used in the impairment test for goodwill is assessed using the present value of cash flows based on four-year forecast and growth rates that reflect the most recent business environment.

15. Bonds and Borrowings, etc.

The breakdown of bonds, borrowings and lease liabilities is presented as follows:

| | 2022 | | 2021 | Average interest rate (%) | Maturity date |
|--|---------|-----------|---------|---------------------------|-------------------------------|
| | JPY | USD | JPY | | |
| Current portion of bonds | 5,009 | 40,929 | 114 | — | — |
| Short-term borrowings | 52,662 | 430,280 | 37,298 | 1.12 | — |
| Current portion of long-term borrowings | 16,035 | 131,022 | 20,310 | 0.78 | — |
| Current portion of lease liabilities | 6,674 | 54,535 | 6,999 | — | — |
| Bonds (excluding the current portion) | 14,931 | 122,002 | 9,998 | — | — |
| Long-term borrowings (excluding the current portion) | 54,813 | 447,862 | 54,436 | 0.57 | From April 2023 to May 2033 |
| Lease liabilities (excluding the current portion) | 10,158 | 82,998 | 10,328 | — | From April 2023 to April 2059 |
| Total | 160,285 | 1,309,628 | 139,486 | | |
| Current liabilities | 80,381 | 656,766 | 64,723 | | |
| Non-current liabilities | 79,903 | 652,862 | 74,763 | | |
| Total | 160,285 | 1,309,628 | 139,486 | | |

(Notes) 1. The “average interest rate” is presented as the weighted average interest rate against the borrowings outstanding at the end of the fiscal year.

2. There is no description of the average interest rate of lease liabilities because value of interest equivalent included in total amount of lease payments is allocated to each consolidated fiscal year by straight-line method.

3. At the end of the current consolidated fiscal year, repayments of bonds, borrowings, and lease liabilities after the date of consolidated financial statement is presented follows.

| | Within one year | | Over one year and within two years | | Over two years and within three years | | Over three years and within four years | | Over four years and within five years | | Over five years | |

| Total | 31,484 | 29,746 | 257,246 |

18. Equity

(1) Capital management

The Consolidated Group has a policy of increasing shareholders' equity (See Note 1) up to a certain level and strengthening its financial base to enhance its enterprise value through building new businesses and increasing revenues while maintaining a sound financial position.

The Company sets the maximum ratio of risk assets (See Note 2) and examines the appropriateness of scale of shareholders' equity in terms of it being a risk buffer to potential loss that could result from a deterioration in the companies' respective businesses, to manage shareholders' equity.

The key indices which the Consolidated Group uses for management of shareholders' equity are as follows, and these indices are periodically reported to and monitored by management.

- Ratio of risk assets
- Net DER(See Note 3)

(Note 1) Shareholders' equity is defined as equity attributable to owners of the Parent.

(Note 2) Ratio of risk assets is defined as a ratio of the amount of maximum potential loss to shareholders' equity. The amount of maximum potential loss is the amount of all assets and off-balance sheet transactions on the consolidated financial statements multiplied by the original risk weight set by the Consolidated Group according to the potential risk of loss.

(Note 3) Net DER is defined as a ratio of net interest-bearing debt to shareholders' equity, while net interest-bearing debt is the total amount of interest-bearing debt excluding lease liabilities (bonds and borrowings) less cash and deposits.

The figures of net DER as of March 31, 2022 and March 31, 2021 are presented as follows:

| | Times | |
|---------|-------|------|
| | 2022 | 2021 |
| Net DER | 0.3 | 0.3 |

The Consolidated Group is not subjected to any externally imposed capital requirements (except for general requirements, such as those in the Companies Act).

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(2) Number of shares authorized to be issued, issued shares and shares of treasury stock

(Unit: share)

| | 2022 | 2021 |
|---|-------------|-------------|
| Shares authorized to be issued (No-par common stock) | 200,000,000 | 200,000,000 |
| Issued shares (No-par common stock) | | |
| Balance at the beginning of the year | 84,500,202 | 84,500,202 |
| Changes during the period | — | — |
| Balance at the end of the year | 84,500,202 | 84,500,202 |
| Shares of treasury stock (No-par common stock) | 1,054,730 | 1,058,258 |

(Note) Shares of treasury stock in the current fiscal year includes 95,000 shares of the Company held by the associate and 697,300 shares of the Company held by the stock issuance trust for officers. Shares of treasury stock in the previous fiscal year included 95,000 shares of the Company held by the associate and 702,500 shares of the Company held by the stock issuance trust for officers.

(3) Surplus

1) Capital surplus

Capital surplus mainly consists of legal capital surplus.

2) Retained earnings

Retained earnings consist of legal retained earnings and other retained earnings.

The Companies Act of Japan provides that an amount equal to 10% of distribution of surplus for each fiscal year must be appropriated as legal capital surplus or legal retained earnings until the total aggregate amount of legal capital surplus and legal retained earnings equals 25% of share capital.

Under the Companies Act, the amounts available for distribution are calculated based on the amounts of capital surplus and retained earnings, exclusive of legal capital surplus and legal retained earnings, all of which are recorded in accordance with the accounting principles generally accepted in Japan.

(4) Dividends

1) Amounts of dividends paid

| Resolution | Type of stock | Source of dividends | Total amounts of dividends | | Dividends per share | | Record date | Effective date |
|--|---------------|---------------------|----------------------------|--------|---------------------|--------------|---------------|----------------|
| | | | JPY | USD | Yen | U.S. dollars | | |
| May 24, 2021 Board of Directors meeting | Common stock | Retained earnings | 2,527 | 20,649 | 30.00 | 0.245 | Mar. 31, 2021 | Jun. 8, 2021 |
| Nov. 2, 2021 Board of Directors meeting | Common stock | Retained earnings | 2,527 | 20,648 | 30.00 | 0.245 | Sep. 30, 2021 | Dec. 3, 2021 |

| Resolution | Type of stock | Source of dividends | Total amounts of dividends | Dividends per share | Record date | Effective date |
|---|---------------|---------------------|----------------------------|---------------------|---------------|----------------|
| | | | JPY | Yen | | |
| May 26, 2020 Board of Directors meeting | Common stock | Retained earnings | 2,527 | 30.00 | Mar. 31, 2020 | Jun. 10, 2020 |
| Oct. 30, 2020 Board of Directors meeting | Common stock | Retained earnings | 2,527 | 30.00 | Sep. 30, 2020 | Dec. 1, 2020 |

(Note) The total amount of dividends resolved by the board of directors meeting on May 24, 2021, November 2, 2021, May 26, 2020 and October 30, 2020 includes ¥21 million (\$172 thousand), ¥20 million (\$171 thousand), ¥21 million and ¥21 million of the dividends to the shares of the Company held by the stock issuance trust for officers.

2) Dividends with record date in the current fiscal year, and effective date in the following fiscal year

| Resolution | Type of stock | Source of dividends | Total amounts of dividends | | Dividends per share | | Record date | Effective date |
|--|---------------|---------------------|----------------------------|--------|---------------------|--------------|---------------|----------------|
| | | | JPY | USD | Yen | U.S. dollars | | |
| May 24, 2022 Board of Directors meeting | Common stock | Retained earnings | 2,948 | 24,090 | 35.00 | 0.286 | Mar. 31, 2022 | Jun. 8, 2022 |

(Note) The total amount of dividends resolved by the board of directors meeting on May 24, 2022 includes ¥24 million (\$199 thousand) of the dividends to the shares of the Company held by the stock issuance trust for officers.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

19. Revenue

(1) Disaggregation of revenue

As disclosed in *Note 6. Segment information*, the Consolidated Group has four reportable segments: Electronics and Devices, Foods, Meat and Grain, Steel, Materials and Plant and Motor Vehicles and Aerospace. In addition, the Consolidated Group disaggregates revenue in Electronics and Devices recognized from contracts with customers into three categories: ICT solutions, Mobile and Others. Similarly, revenue in Steel, Materials and Plant is disaggregated into Energy and Others. The reconciliations of the disaggregated revenue with the group's sales components are as follows.

The accounting methods for the revenue are consistent with those stated in *Note 3. Significant Accounting Policies*.

| | JPY | | USD |
|---|---------|---------|-----------|
| | 2022 | 2021 | 2022 |
| Electronics & Devices | | | |
| ICT solution | 69,563 | 63,626 | 568,372 |
| Mobile | 107,041 | 102,866 | 874,593 |
| Others | 78,763 | 59,292 | 643,549 |
| Foods, Meat & Grain | 285,284 | 244,617 | 2,330,942 |
| Steel, Materials & Plant | | | |
| Energy | 79,687 | 43,666 | 651,092 |
| Others | 68,303 | 53,163 | 558,081 |
| Motor Vehicles & Aerospace | 65,720 | 70,987 | 536,974 |
| Total reportable segment | 754,363 | 638,220 | 6,163,603 |
| Others | 13,395 | 10,497 | 109,449 |
| Total revenue arising from contracts with customers | 767,758 | 648,718 | 6,273,052 |
| Revenue arising from other sources | 204 | 423 | 1,671 |
| Total | 767,963 | 649,142 | 6,274,724 |

(Note) Revenue arising from other sources includes revenue recognized in accordance with IFRS 16 "Lease".

(2) Contract balances

Information on receivables from contracts with customers, contract assets and liabilities arising from contracts with customers are as follows:

| | JPY | | | | USD |
|---|------------------------|-------------------------|------------------------|-------------------------|-------------------------|
| | 2022 | | 2021 | | 2022 |
| | As of April 1, 2021 | As of March 31, 2022 | As of April 1, 2020 | As of March 31, 2021 | As of March 31, 2022 |
| Receivables from contracts with customers | 199,116 | 226,665 | 198,434 | 199,116 | 1,851,996 |
| Contract assets | 17 | — | 12 | 17 | — |
| Contract liabilities | 10,152 | 10,539 | 9,289 | 10,152 | 86,115 |

Contract assets primarily relate to the Consolidated Group's rights to receive consideration for performance obligations that have been completed, but not yet billed for, as of the reporting date and they are reclassified as receivables when the Consolidated Group's rights to payment becomes unconditional.

Contract liabilities are mainly consideration for maintenance and operation transactions of information and telecommunication systems and service-type transactions with product warranties, where the performance obligation is satisfied over a certain period of time, and are reversed and recognized as revenue in accordance with the fulfillment of the performance obligations during the maintenance or warranty period. In addition, the Consolidated Group recognizes as a contract liability that already received a part of consideration upon delivery of goods. Of the revenue recognized in the current and previous fiscal years, ¥4,305 million (\$35,180 thousand) and ¥5,289 million were included in the balance of contract liabilities as of April 1, 2021 and April 1, 2020. There are no significant amounts of revenue recognized during the fiscal years ended March 31, 2022 and March 31, 2021 from performance obligations satisfied in the prior fiscal years. The increase of contract liabilities is included in a reduction of other from operating activities in the Consolidated Statement of Cash Flows.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(3) Transaction price allocated to the remaining performance obligations

Transaction prices allocated to remaining performance obligations are mainly related to transactions for the maintenance and operation of ICT & communications systems and sales of goods such as aerospace and ship-related products, and the timing of fulfillment of these obligations is as follows. It's not included expected transactions term within one year. There are no material amounts not included in transaction prices in consideration arising from contracts with customers.

| | JPY | | USD |
|--|--------|--------|---------|
| | 2022 | 2021 | 2022 |
| Within one year | 7,831 | 11,137 | 63,986 |
| Over one year and within two years | 3,537 | 1,211 | 28,902 |
| Over two years and within three years | 1,236 | 742 | 10,101 |
| Over three years and within four years | 650 | 408 | 5,316 |
| Over four years and within five years | 248 | 173 | 2,026 |
| Over five years | 31 | 17 | 260 |
| Total | 13,535 | 13,690 | 110,591 |

(4) Assets recognized from the costs of obtaining or fulfilling contracts with customers

There are no assets recognized from the costs of obtaining or fulfilling contracts with customers as of the years ended March 31, 2022 and March 31, 2021. In addition, if the amortization period of the assets that the group otherwise would have recognized is one year or less, the group applies the practical expedient of recognizing the incremental costs of obtaining the contract as an expense when incurred.

20. Selling, General and Administrative Expenses

The breakdown of selling, general and administrative expenses is presented as follows:

| | JPY | | USD |
|-------------------------------|--------|--------|---------|
| | 2022 | 2021 | 2022 |
| Personnel expenses | 48,274 | 45,598 | 394,433 |
| Depreciation and amortization | 9,978 | 9,355 | 81,530 |
| Outsourcing service charges | 8,332 | 7,663 | 68,079 |
| Other | 18,518 | 16,275 | 151,304 |
| Total | 85,103 | 78,893 | 695,347 |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

| Borrowings | 128,344 | (17,449) | — | 434 | 745 | (29) | 112,045 |
| Bonds | 15,049 | (5,050) | — | — | 93 | 19 | 10,112 |
| Lease liabilities | 17,555 | (7,890) | 8,447 | 38 | 40 | (862) | 17,328 |
| Total | 160,949 | (30,389) | 8,447 | 473 | 879 | (873) | 139,486 |

(5) Significant non-cash transactions

The leases increased right-of-use assets for the fiscal year ended March 31, 2022 and March 31, 2021. Please refer to *Note 9. Property, Plant and Equipment* and *Note 10 Goodwill and Intangible Assets* for more information.

28. Employee Benefits

(1) Post-employment benefits

1) Outline of retirement benefit plans adopted by the Consolidated Group

The Company has a defined benefit pension plan and lump-sum retirement benefit plan covering substantially all employees other than directors and executive officers. The benefit amounts for the defined benefit pension plan are determined based on the period of employees' enrollment in the plan, contribution granted to employees and other factors. The Company has a responsibility to manage pension assets faithfully and has an obligation to make contributions for the employees enrolled in the plan in compliance with applicable laws and regulations.

The pension plan that the Company maintains is a contract-type defined benefit pension plan.

Matters such as asset management performance, status of the plan and accounting treatment are reported to the Management Committee by the Finance Department and the Personnel & General Affairs Department, which are in charge of operation of the pension plan. These departments hold a meeting on a timely manner to discuss the matters such as a revision to the plan and a change in the asset investment policy.

Most of the subsidiaries have unfunded retirement benefit plans and/or funded pension plans. Employees, other than directors, are entitled to, under most circumstances, upon mandatory retirement at normal retirement age or earlier termination of employment, a lump-sum retirement benefit based on compensation at the time of retirement, years of service and other factors. Certain subsidiaries have adopted the defined contribution retirement benefit plan.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(ii) Reconciliation of ending balances of defined benefit obligation/plan assets and net defined benefit liability/asset presented on the consolidated statements of financial position

| | JPY | | USD |
|---|----------|----------|-----------|
| | 2022 | 2021 | 2022 |
| Defined benefit obligations of funded plan | 16,512 | 16,440 | 134,916 |
| Plan assets | (13,895) | (13,867) | (113,535) |
| Net defined benefit liability of funded plan | 2,616 | 2,572 | 21,380 |
| Defined benefit obligations of unfunded plan | 4,215 | 3,945 | 34,441 |
| Balance on the consolidated statement of financial position | | | |
| Retirement benefit liabilities | 6,842 | 6,517 | 55,908 |
| Retirement benefit assets | (10) | — | (87) |
| Net liability or asset presented on the consolidated statements of financial position | 6,831 | 6,517 | 55,821 |

The measurement date used to determine the main benefit obligations is March 31 of each year.

The Company's funding policy is based on a number of factors including the tax deductibility of contributions, funded status, and actuarial calculations. Contributions are intended to provide not only for benefits attributable to service to date, but also for those expected to be earned in the future. In addition, the Company may contribute cash to an employee retirement benefit trust for any funding deficits in benefit obligations at the fiscal year end.

The Company's investment policy is designed to increase the value of plan assets within acceptable risk levels to ensure payments of pension benefits to eligible participants, including future participants. Taking into account the return and risk on plan assets thereon, the Consolidated Group formulates a strategic asset mix which aims at an optimal portfolio on a long-term basis and supervise asset management by selecting investment management companies and monitoring asset allocations. The strategic asset mix is subject to review in response to changes in expected market conditions or funded status. The strategic asset mix is not based on limitations but guidelines, and therefore, the actual allocation may temporarily exceed or fall below the guidelines. The Company's target allocation is 25% equity securities, 43% debt securities, 22% life insurance company general accounts and 10% others.

The Company holds a meeting regularly with the asset management institutions and discusses important issues regarding pension assets investment.

"Retirement benefit assets" are included in "Other non-current assets" in the consolidated statement of financial position.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(iii) Plan assets

The composition of the plan assets as of March 31, 2022.

| | Plan assets with a quoted market price in an active market | | Plan assets without a quoted market price in an active market | |
|---|---|--------|--|--------|
| | JPY | USD | JPY | USD |
| Equity securities | 2,504 | 20,465 | 222 | 1,815 |
| Debt securities | 253 | 2,068 | 3,192 | 26,084 |
| Life insurance company general accounts | — | — | 4,331 | 35,393 |
| Other | 2 | 24 | 3,388 | 27,686 |
| Total | 2,760 | 22,557 | 11,134 | 90,979 |

The composition of the plan assets as of March 31, 2021.

| | Plan assets with a quoted market price in an active market | Plan assets without a quoted market price in an active market |
|---|---|--|
| | JPY | JPY |
| Equity securities | 2,078 | — |
| Debt securities | 266 | 4,092 |
| Life insurance company general accounts | — | 6,152 |
| Other | 30 | 1,246 |
| Total | 2,375 | 11,491 |

Equity securities and debt securities above are jointly-managed trusts by trust banks. Plan assets with a quoted market price in an active market are estimated by using the quoted price. Assets other than equity securities and debt securities are categorized into the assets without a quoted market price in an active market, which are estimated by using the fair value the trust banks calculated.

(iv) Significant actuarial assumptions

| | 2022 | 2021 |
|---------------|------|------|
| Discount rate | 0.5% | 0.4% |

The assumptions used for the actuarial calculation include the expected rate of salary increase, the mortality rate and the retirement rate other than the above.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(v) Sensitivity analysis of defined benefit obligations

| | JPY | | USD |
|--|-------|-------|---------|
| | 2022 | 2021 | 2022 |
| Increase in the defined benefit obligation with a 50-basis-point decrease in the discount rate | 835 | 740 | 6,829 |
| Decrease in the defined benefit obligation with a 50-basis-point increase in the discount rate | (856) | (858) | (7,000) |

This analysis is based on the premise that the actuarial assumptions other than the discount rate do not fluctuate and that only the discount rate fluctuates. This method of analysis is based on assumptions, and it is possible that the actual calculation could be influenced by fluctuations in other variables. Even if the discount rate falls below 0%, the calculation is performed assuming the lower limit of the discount rate is 0%.

(vi) Information on maturity profile of the defined benefit obligation

The weighted average duration of the defined benefit obligation for the years ended March 31, 2022 and March 31, 2021 were 10.1 year and 10.2 year, respectively.

(vii) Expected contribution to the plan for the year ending March 31, 2023

The amount of contribution to be made by the Consolidated Group to plan for the year ending March 31, 2023 is estimated to be ¥942 million (\$7,702 thousand).

3) Defined contribution plan

Expenses recognized for the defined contribution plan for the years ended March 31, 2022 and March 31, 2021 were ¥4,385 million (\$35,832 thousand) and ¥3,590 million, respectively.

(2) Employee benefit expenses

Employee benefit expenses recognized for the years ended March 31, 2022 and March 31, 2021 were ¥5,910 million (\$48,295 thousand) and ¥5,030 million, respectively. Employee benefit expenses are included in “Cost of sales” and “Selling, general and administration expenses” in the consolidated statement of income.

29. Current and Deferred Income Tax

(1) Deferred taxes

1) Breakdown of deferred tax assets and deferred tax liabilities

The breakdown of main deferred tax assets and deferred tax liabilities by component is as follows:

| | JPY | | USD |
|--|----------|----------|-----------|
| | 2022 | 2021 | 2022 |
| Deferred tax assets | | | |
| Retirement benefits liabilities | 1,795 | 1,782 | 14,670 |
| Bonuses allowance | 1,705 | 1,584 | 13,936 |
| Loss allowance | 966 | 868 | 7,894 |
| Inventories | 620 | 645 | 5,073 |
| Impairment loss | 40 | 903 | 328 |
| Other investments | 1,272 | 634 | 10,401 |
| Golf club memberships | 123 | 110 | 1,011 |
| Tax losses carried forward | 984 | 657 | 8,045 |
| Goodwill | 1 | 223 | 9 |
| Other | 3,701 | 3,113 | 30,246 |
| Total deferred tax assets | 11,212 | 10,522 | 91,612 |
| Offset against deferred tax liabilities | (9,037) | (8,204) | (73,840) |
| Total deferred tax assets, net | 2,175 | 2,318 | 17,772 |
| Deferred tax liabilities | | | |
| Retained earnings in subsidiaries | (1,038) | (673) | (8,484) |
| Financial assets measured at fair value through other comprehensive income | (4,634) | (4,524) | (37,866) |
| Cash flow hedges | (532) | (244) | (4,349) |
| Intangible assets | (6,662) | (6,751) | (54,440) |
| Other | (1,622) | (1,538) | (13,257) |
| Total deferred tax liabilities | (14,490) | (13,731) | (118,395) |
| Offset against deferred tax assets | 9,037 | 8,204 | 73,840 |
| Total deferred tax liabilities, net | (5,453) | (5,527) | (44,556) |
| Net deferred tax assets (liabilities) | (3,277) | (3,208) | (26,783) |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

2) Details of changes in deferred tax assets and deferred tax liabilities

Details of changes in deferred tax assets and deferred tax liabilities are presented as follows:

| | JPY | | USD |
|--|---------|---------|----------|
| | 2022 | 2021 | 2022 |
| Beginning balance of net deferred tax assets (liabilities) | (3,208) | 375 | (26,218) |
| Deferred tax expense | 241 | (1,610) | 1,973 |
| Income tax on other comprehensive income | (383) | (1,757) | (3,130) |
| Acquisition through business combinations | 123 | (193) | 1,012 |
| Other | (51) | (22) | (420) |
| Ending balance of net deferred tax assets (liabilities) | (3,277) | (3,208) | (26,783) |

3) Deductible temporary differences and unused tax losses carried forward for which deferred tax assets were not recognized

The breakdown of deductible temporary differences and unused tax losses carried forward (by expiry date), for which deferred tax assets were not recognized in the consolidated statement of financial position are presented as follows:

| | JPY | | USD |
|--------------------------------------|--------|--------|---------|
| | 2022 | 2021 | 2022 |
| Deductible temporary differences | 8,058 | 8,576 | 65,846 |
| Tax losses carried forward | | | |
| Within one year to expiry | 10,928 | 1,028 | 89,291 |
| Between one and five years to expiry | 2,684 | 14,005 | 21,936 |
| Between five and ten years to expiry | 9,873 | 12,206 | 80,672 |
| Over ten years to expiry | 97 | 63 | 795 |
| Total tax losses carried forward | 23,583 | 27,303 | 192,693 |

4) Temporary differences associated with investments in subsidiaries for which deferred tax liabilities were not recognized

The total amounts of temporary differences associated with investments in subsidiaries for which deferred tax liabilities were not recognized as of March 31, 2022 and March 31, 2021 are ¥41,345 million (\$337,817 thousand) and ¥36,029 million, respectively. Because the Consolidated Group is able to control the timing of the reversal of such temporary differences, and it is probable that such temporary differences will not be reversed within the foreseeable future, it did not recognize deferred tax liabilities with respect to such temporary differences.

(2) Income taxes

1) Breakdown of income taxes

The breakdown of income taxes is presented as follows:

| | JPY | | USD |
|---|---------|---------|----------|
| | 2022 | 2021 | 2022 |
| Current tax expense (Note 1) | (8,447) | (5,718) | (69,023) |
| Deferred tax expense (Note 2) | | | |
| Origination and reversal of temporary differences | (63) | (1,522) | (515) |
| Reassessment of recoverability of deferred tax assets | 304 | (87) | 2,488 |
| Total deferred tax expense | 241 | (1,610) | 1,973 |
| Total income taxes | (8,206) | (7,329) | (67,050) |

(Notes) 1. The amounts of the benefits arising from previously unrecognized tax losses or temporary differences of a prior period that were used to reduce current tax expenses for the years ended March 31, 2022 and March 31, 2021 were ¥— million (\$— thousand) and ¥52 million, respectively, and these benefits were included in the current tax expenses.

2. Major causes for deferred tax expense by type are other investments of ¥638 million (\$5,221 thousand) and impairment loss of ¥(863) million (\$ (7,055) thousand) for the fiscal year ended March 31, 2022, and goodwill of ¥(551) million and tax losses carried forward of ¥(403) million for the fiscal year ended March 31, 2021.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

2) Reconciliation of statutory effective income tax rate in Japan

Reconciliations between the statutory effective tax rate in Japan and the average effective tax rate of the Consolidated Group were as follows:

| | 2022 | 2021 |
|---|--------|--------|
| Statutory effective tax rate | 30.6% | 30.6% |
| (Adjustments) | | |
| Permanent differences—additions such as entertainment expenses | 0.2% | 0.6% |
| Effect of reassessment of recoverability of deferred tax assets | (1.1%) | 0.4% |
| Effect of tax rate differences | (0.5%) | 0.4% |
| Share of profit (loss) of investments accounted for using the equity method | (1.4%) | (0.9%) |
| Other | 0.6% | (0.0%) |
| Average effective tax rate | 28.5% | 31.1% |

The statutory effective tax rate for the fiscal years ended March 31, 2022 and March 31, 2021 are calculated to be 30.6% and 30.6% based on the Corporation Tax, Inhabitant Tax and Business Tax in Japan.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

| Total financial liabilities measured at fair value through profit or loss | 3,544 | 1,119 | 28,963 |
| Total financial liabilities | 384,284 | 329,717 | 3,139,834 |

(2) Basic policies for risk management of financial instruments

The Consolidated Group is an integrated trading company engaged in a wide range of business activities on a global basis. Its headquarters includes business sections that handle merchandising, trading, product manufacturing, services, project planning and management, investments and financing activities, both domestically and internationally. Such businesses are inherently exposed to various risks. The Consolidated Group defines and classifies risks per risk item and manages each of them in accordance with its nature.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(3) Credit risk management

1) Credit risks of financial assets owned by the Company (risk exposure and the occurrence of the relevant risk)

The Consolidated Group extends credit to a large number of customers in Japan and abroad in diverse business transactions, resulting in a number of financial assets such as trade receivables, loans and other financial assets. These financial assets provide credit accommodation to the various customers; therefore, the Consolidated Group is mainly exposed to the credit risks related to those customers.

Each department manages credit exposure to each customer by assigning credit ratings on a customer-by-customer basis and setting credit exposure limits within the framework of the Consolidated Group's credit risk control.

2) Responses to the risk owned by the Company (purpose, policy and procedure of the risk management and method used to measure such risks)

The Consolidated Group manages its credit risk to the customers by defining risk management methods and management systems for specific risks in accordance with the regulations on risk management. Based on such regulations, the Consolidated Group mitigates credit risk through periodical monitoring of the customer's credit status and undertaking the maturity control and account balance control, while detecting promptly any doubtful accounts caused by deterioration in the financial conditions of customers and other factors. Expected credit losses are recognized and measured through transactions and financial information related to customers available in the course of such credit risk management, while taking macroeconomic conditions such as the number of bankruptcies into consideration.

With regard to loans, the Consolidated Group evaluates whether there has been a significant increase in credit risk of the financial assets since initial recognition in cases where the cash collection of the financial assets was delayed (as well as the case of request for a grace period) after the trade date. However, even when a late payment or request for grace period occurs, the Consolidated Group does not determine that there has been a significant increase in credit risk if such late payment or request for grace period would be attributable to temporary cash shortage, the risk of default would be low and objective data such as external credit ratings would reveal their ability to fulfill the obligation of contractual cash flow in the near future.

The Consolidated Group determines that the credit of the financial assets are impaired, when the debtor has significant financial difficulty and the recoverability of the modified financial assets is significantly doubtful.

The Consolidated Group determines there has been a significant increase in the credit risk of debt instruments since initial recognition when an "investment grade" at the initial recognition deteriorates to the level below investment grade. For such purpose, rating information provided by major rating agencies is used.

When guaranteeing the debts of its customers, the Consolidated Group establishes the guarantee limit amounts based upon the financial position and business condition of the customers. The guarantee limit amounts are periodically reviewed and maintained at appropriate levels.

When entering into derivative transactions, the Consolidated Group selects only major financial institutions with high credit ratings assigned by independent rating agencies so as to minimize the credit risks. In addition, the Consolidated Group periodically reviews credit limits in accordance with the internal regulations.

The Consolidated Group considers trade receivables, loans receivable, and debt instruments as default when all or part of those financial instruments are not recovered, or the recoverability of those financial instruments is determined to be extremely difficult.

Moreover, the Consolidated Group directly writes off the gross carrying amounts of the credit-impaired financial assets when all or part of the financial assets are evaluated to be uncollectible and determined that it is appropriate to be written off as a result of credit check.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(i) Measurement of expected credit losses on trade receivables

As trade receivables do not contain a significant financing component, the Consolidated Group measures loss allowance at an amount equal to the lifetime expected credit losses until the trade receivables are recovered. With regard to past due receivables, the Consolidated Group estimates the lifetime credit losses on the financial instruments individually and measures the amount of loss allowance based upon historical credit loss experience and future recoverable amount. Moreover, as trade receivables comprise a number of customers, the Consolidated Group measures expected credit loss collectively by grouping those receivables and considering historical credit loss experience. When those receivables are affected by a material economic change, the provision rate calculated based upon the historical credit loss experience is adjusted to reflect current and future economic prospect.

Even when a late payment or request for grace period has occurred, the Consolidated Group does not regard them as past due receivables if such late payment or request for grace period would be attributable to temporary cash shortage as the risk of default would be low, and the debtors are evaluated to have a strong ability to fulfill the obligation of contractual cash flow in the near future.

(ii) Measurement of expected credit losses on other receivables

When credit risk related to loans has not increased significantly since the initial recognition at the end of the reporting period, the Consolidated Group calculates the amount of loss allowance of the financial instruments by estimating the 12-months expected credit losses collectively based upon historical credit loss experience. When those receivables are affected by a material economic change, the provision rate calculated based upon the historical credit loss experience is adjusted to reflect current and future economic prospect.

However, when there has been a significant increase in credit risk since initial recognition as of the end of the fiscal year, the Consolidated Group estimates the lifetime credit losses on the financial instruments individually and measures the amount of loss allowance based upon historical credit loss experience and future recoverable amount.

(iii) Measurement of the expected credit losses on the other investments (debt securities)

When credit risk related to debt securities has not increased significantly since initial recognition at the end of the reporting period, the Consolidated Group calculates the amount of loss allowance of the financial instruments by estimating the 12-months expected credit losses. However, when there has been a significant increase in credit risk since initial recognition as of the end of the fiscal year, the Consolidated Group estimates the lifetime credit losses on the financial instruments and measures the amount of loss allowance of the financial instruments. When estimating such expected credit losses, the Consolidated Group uses the default rate published by major rating agencies.

Past due receivables include loans receivable of ¥1,706 million, for which a loss allowance of ¥1,479 million has been already recognized.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

5) Maximum exposure to credit risks

The Consolidated Group's maximum exposure to credit risks is as follows:

The Consolidated Group's maximum credit risk exposure (gross) represents the amount of the maximum exposure with respect to credit risks without taking into account any collateral held or other credit enhancement. The Consolidated Group's maximum credit risk exposure (net) represents the amount of the maximum exposure with respect to credit risks reflecting the mitigation effect of the collateral held or other credit enhancement.

As of March 31, 2022

| | Gross carrying amount | | Loss allowance | | Maximum credit risk exposure (gross) | | Total collateral pledged and credit enhancements | | Maximum credit risk exposure (net) | |
|---|-----------------------|-----------|----------------|----------|--------------------------------------|-----------|--|---------|------------------------------------|-----------|
| | JPY | USD | JPY | USD | JPY | USD | JPY | USD | JPY | USD |

| Total | 301,809 | (2,052) | 299,756 | (193) | 299,563 |

The amount of loss allowance for credit-impaired financial assets is reduced by ¥193 million through collateral pledged and credit enhancements.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(4) Liquidity risk management

The Consolidated Group raises funds through borrowings from financial institutions or issuance of bonds. Accordingly, in the event of a disruption to the financial system or financial/capital markets, or a major downgrade of the Consolidated Group's credit rating by a rating agency, the Consolidated Group's fundraising becomes constrained and consequently there is a possibility that the Consolidated Group will not be able to carry out the payment on the date of payment.

The Consolidated Group has sufficient levels of cash and cash equivalents and maintains a long-term (unused) commitment line agreement with a major financial institution in the amount of ¥10.0 billion (\$81,706 thousand) to ensure liquidity and stability of funds. The Consolidated Group makes efforts to maintain good relationships with each financial institution.

1) Non-derivative financial liabilities

The breakdown of non-derivative financial liabilities by due date is presented as follows:

As of March 31, 2022

| | Within one year | | Over one year and within five years | | Over five years | | Total | |
|-----------------------------|-----------------|-----------|-------------------------------------|---------|-----------------|--------|---------|-----------|

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(5) Market risk management

In many cases, the foreign currency risk, interest rate risk and risk of price fluctuations associated with goods traded incidental to business transactions are hedged in with the transaction terms with trade partners, etc. In addition, the Consolidated Group has established a system under which a position limit and a loss limit are set for foreign exchange, interest rates (funds), products and their derivatives, taking into account the scale of the risk and the income of each internal unit and company, so that it can quickly reduce its position when the predetermined limit is exceeded. Also, the price fluctuation risks of these positions are mitigated by using derivatives as a hedge. The positions are reported to management meeting regularly. When the predetermined limit is exceeded, the Consolidated Group mitigates these positions after the analysis of the reason without delay.

1) Foreign currency risk

(i) Nature of foreign currency risk and its management policy

The Consolidated Group is engaged in foreign currency transactions in various currencies and terms incidental to its export and import trading. The Consolidated Group participates in derivatives transactions such as forward contracts to reduce the risk of currency fluctuation.

The Consolidated Group also has local subsidiaries and business corporations overseas. Account balances at these companies are converted into yen at the exchange rates prevailing at the end of the reporting period, for the purposes of preparing consolidated financial statements. As a result, equity attributable to owners of the Parent may change through exchange difference of foreign operations associated with exchange rate fluctuations.

In principle, the Consolidated Group enters into forward exchange contracts to hedge against the exchange rate currency fluctuation risk of foreign currency-denominated receivables and payables that are controlled by currency and by contract month. The Consolidated Group also enters into forward exchange contracts to hedge against foreign currency-denominated receivables and payables that are highly probable to arise from export/import-related forecast transactions.

(ii) Sensitivity analysis of foreign currency risk

In regards to financial instruments held by the Consolidated Group as of the end of the reporting period, the following chart shows the amounts affecting profit before tax and other comprehensive income (before tax effect adjustments), as reported in the consolidated financial statements, that would result from 1% appreciation of Japanese Yen against U.S. dollars.

The analysis is performed based on the assumption that all the other variables are held constant.

In addition, such analysis does not include the affected amounts based on translations (into Japanese yen) of financial instruments denominated in functional currency, income and expenses denominated in foreign currency and assets and liabilities of foreign operations.

| | JPY | | USD |
|----------------------------|-------|-------|---------|
| | 2022 | 2021 | 2022 |
| Profit before tax | | | |
| U.S. dollar | (18) | (59) | (153) |
| Other comprehensive income | | | |
| U.S. dollar | (409) | (175) | (3,344) |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

2) Interest rate risk

(i) Nature of interest rate risk and its management policy

The Consolidated Group raises most funds needed for operating and financing activities in the form of borrowings from financial institutions at variable interest rates, with the exception of certain loans. Since these borrowings and fund management are exposed to an interest rate risk, interest expenses for the Consolidated Group may increase with a rise in interest rates.

The Company and certain consolidated subsidiaries enter into interest rate swap contracts to avoid the interest rate fluctuation risk stemming from the borrowings.

(ii) Sensitivity analysis of interest rate risk

In regards to financial instruments held by the Consolidated Group at the end of the reporting period, the following table shows the amounts affecting profit before tax assuming that the interest rate increases by 1%.

Under the analysis, the amounts affecting profit before tax are calculated by multiplying the net balance of floating rate financial instruments as of March 31, 2022 and 2021 by 1%, without considering future changes in the net balance, currency exchange fluctuations and dispersing effects for floating rate borrowings derived from the difference in timing of refinancing and resetting of the interest rate, and based on the assumption that all the other variables are held constant.

| | JPY | | USD |
|-------------------|-------|-------|---------|
| | 2022 | 2021 | 2022 |
| Profit before tax | (980) | (808) | (8,011) |

3) Commodity price risk

(i) Nature of commodity price risk and its management policy

In its mainstay commodity trading business in Japan and overseas, the Consolidated Group deals with grains, meat products and petroleum products which are influenced by market conditions. When the positions in these commodities increase, the Consolidated Group will be exposed to the commodity price fluctuation risk stemming from rapid movements in commodities prices or a decline in demand.

The Consolidated Group strives to reduce our exposure to price volatility by hedge-selling commodities, matching the quantity and timing of buying and selling, and utilizing commodity-related derivatives for hedging purposes.

(ii) Sensitivity analysis of commodity price risk

In regards to commodity-related derivatives held by the Consolidated Group at the end of the reporting period, the following table shows the amounts affecting profit before tax and other comprehensive income (before the tax effect) assuming that the commodity price decreases by 1%.

The analysis is performed based on the assumption that all the other variables are held constant.

| | JPY | | USD |
|----------------------------|-------|------|---------|
| | 2022 | 2021 | 2022 |
| Profit before tax | (139) | (50) | (1,142) |
| Foods | (110) | (41) | (899) |
| Fuels | (29) | (9) | (243) |
| Other comprehensive income | 7 | 3 | 65 |
| Foods | 7 | 3 | 65 |
| Fuels | — | — | — |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

4) Share price risk

(i) Nature of share price risk and its management policy

The Consolidated Group holds marketable securities, which are exposed to the market price fluctuation risk.

The Consolidated Group attempts to reduce share price risk by periodically reviewing its shares held by the Consolidated Group and selling those shares that it holds without strong rationale.

(ii) Sensitivity analysis of share price risk

In regards to listed shares held by the Consolidated Group at the end of the reporting period, the following table shows the amounts affecting other comprehensive income (before the tax effect) assuming that the share price decreases by 10%.

The analysis is performed based on the assumption that all the other variables are held constant.

| | JPY | | USD |
|----------------------------|---------|---------|----------|
| | 2022 | 2021 | 2022 |
| Other comprehensive income | (2,036) | (1,622) | (16,642) |

(6) Fair value of financial instruments

1) Fair value measurement

Fair values of financial instruments are presented as follows:

Fair values are categorized into three levels of the fair value hierarchy depending on inputs to valuation techniques; details are described in *Note 2. Basis of Preparing Consolidated Financial Statements: (4) Use of estimates and judgments.*

2) Financial instruments measured at amortized cost

| Type | 2022 | | | | 2021 | |
|---------------------------------------|-----------------|---------|------------|---------|-----------------|------------|
| | Carrying amount | | Fair value | | Carrying amount | Fair value |
| | JPY | USD | JPY | USD | JPY | |
| Financial assets | | | | | | |
| Trade and other receivables | 807 | 6,601 | 807 | 6,601 | 1,280 | 1,280 |
| Guarantee deposits | 6,470 | 52,867 | 6,470 | 52,867 | 6,451 | 6,451 |
| Other financial assets | 631 | 5,157 | 631 | 5,157 | 628 | 628 |
| Total | 7,909 | 64,625 | 7,909 | 64,625 | 8,360 | 8,360 |
| Financial liabilities | | | | | | |
| Bonds and borrowings | 69,745 | 569,864 | 69,776 | 570,116 | 64,434 | 64,450 |
| Long-term deposits received | 0 | 5 | 0 | 5 | — | — |
| Long-term guarantee deposits received | 1,608 | 13,140 | 1,608 | 13,140 | 1,745 | 1,745 |
| Total | 71,354 | 583,010 | 71,385 | 583,262 | 66,179 | 66,196 |

The carrying amounts of trade and other receivables, other financial assets, trade and other payables, bonds and borrowings and other financial liabilities, all of which are categorized into current assets or current liabilities of financial instruments measured at amortized cost, approximate their fair values; therefore, those amounts are not included in the table above.

The fair values stated above are calculated as follows:

(i) Trade and other receivables

The fair value of trade and other receivables is the present value of future cash flows discounted by an interest rate that reflects time to maturity and credit risk.

(ii) Guarantee deposits

The fair value of guarantee deposits is the present value of future cash flows discounted by an interest rate that reflects time to maturity and credit risk.

(iii) Other financial assets

The fair value of other financial assets is the present value of future cash flows discounted by an interest rate that reflects time to maturity and credit risk.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(iv) Bonds and borrowings

The fair value of bonds is determined based on their market price.

The fair value of borrowings is the present value of the sum of principal and interest payments discounted using an assumed interest rate on equivalent incremental borrowings.

(v) Long-term deposits received

The fair value of the long-term deposits received is the present value of future cash flows discounted by an interest rate that reflects time to maturity and credit risk.

(vi) Long-term guarantee deposits received

The fair value of long-term guarantee deposits received is the present value of future cash flows discounted by an interest rate that reflects time to maturity and credit risk.

Financial assets and liabilities measured at amortized cost are categorized within Level 2 of the fair value hierarchy.

3) Financial instruments measured at fair value

(i) Analysis of fair value by hierarchy level

The following tables provide the breakdown by hierarchy level of financial assets and liabilities that are measured at fair value on a recurring basis. No financial assets and liabilities are measured at fair value on a non-recurring basis. There were no material transfers between Level 1 and Level 2 for the fiscal years ended March 31, 2022 and March 31, 2021.

| Commodity | 388 | — | — | 388 |
| Liabilities | | | | |
| Other financial liabilities | | | | |
| Derivative transactions: | | | | |
| Foreign exchange | — | (658) | — | (658) |
| Interest rate | — | (102) | — | (102) |
| Commodity | (358) | — | — | (358) |
| Total | 16,253 | 2,297 | 17,312 | 35,864 |

The methods of determining the fair value of the above instruments are described as follows:

(a) Other investments

The fair value of listed shares is the quoted price in an active market and is categorized within fair value hierarchy Level 1. The fair value of the listed shares which are not traded frequently in the public market and not considered to have quoted prices in active markets are categorized within fair value hierarchy Level 2.

The fair value of unlisted shares is calculated using valuation methods including discounted future cash flows, market prices of comparable companies, net asset value, and other valuation methods, and is categorized within fair value hierarchy Level 3. Measuring the fair value of unlisted shares involves the use of unobservable inputs such as discount rate and valuation multiples, as well as any necessary adjustments including discounts for a lack of liquidity.

The Company determines the policies and procedures for measuring the fair value of unlisted shares, and reviews the approach to measuring fair value on a recurring basis including the valuation model, by obtaining the information on business operations and business plans associated with each equity issuer and confirming the data from comparable public companies.

(b) Derivative financial assets and liabilities

Currency-related derivatives

The fair value of forward exchange transactions is calculated based on the forward exchange rate at the end of the fiscal year.

Interest rate-related derivatives

The fair value of interest-rate swaps is the present value of future cash flows discounted by an interest rate that reflects time to settlement, as well as market conditions.

Commodity-related derivatives

The fair value of commodity futures transactions is calculated using final prices on commodities exchanges as of the fiscal year-end. The fair value of commodity swap transactions is calculated based on the index prices publicly announced at the end of the fiscal year.

Commodity futures transactions are categorized within Level 1 of fair value hierarchy. All other derivative financial assets and liabilities are categorized within Level 2 of the fair value hierarchy.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(ii) Recurring fair value measurements categorized within Level 3 of the fair value hierarchy

The changes in financial assets and liabilities that are measured at fair value on a recurring basis and are categorized within Level 3 of the fair value hierarchy are presented as follows.

| | 2022 | | | | | | 2021 | | |
|---|-------------------|----------|--------|---------|---------|----------|-------------------|--------|--------|
| | Other investments | | | | Total | | Other investments | | Total |
| | FVPL | | FVOCI | | | | FVPL | FVOCI | |
| | JPY | USD | JPY | USD | JPY | USD | JPY | JPY | JPY |
| Balance at the beginning of the year | 3,712 | 30,329 | 13,600 | 111,126 | 17,312 | 141,456 | 3,647 | 10,246 | 13,893 |
| Total gains or losses | | | | | | | | | |
| Profit or loss (Note 1) | (1,624) | (13,270) | — | — | (1,624) | (13,270) | (190) | — | (190) |
| Other comprehensive income (Note 2) | — | — | (932) | (7,617) | (932) | (7,617) | — | 3,159 | 3,159 |
| Purchase | 237 | 1,940 | 951 | 7,774 | 1,188 | 9,714 | 250 | 402 | 653 |
| Sale | — | — | (80) | (658) | (80) | (658) | — | (119) | (119) |
| Foreign currency translation difference | 57 | 470 | (2) | (20) | 55 | 450 | 5 | 0 | 5 |
| Transfer out of Level 3 (Note 3) | — | — | (174) | (1,425) | (174) | (1,425) | — | — | — |
| Other | — | — | (116) | (949) | (116) | (949) | — | (88) | (88) |
| Balance at the end of the year | 2,382 | 19,470 | 13,246 | 108,231 | 15,629 | 127,701 | 3,712 | 13,600 | 17,312 |

(Notes) 1. The gains or losses are included in “Other finance income” or “Other finance costs” in the consolidated statement of income. Of those gains or losses recognized in profit or loss, the amounts arising from financial instruments that were held at the period end are ¥(1,624) million (\$ (13,270) thousand) for the fiscal year ended March 31, 2022 and ¥(190) million for the fiscal year ended March 31, 2021.

2. The gains or losses are included in “Financial assets measured at fair value through other comprehensive income” in the consolidated statement of comprehensive income.

3. Transfer out of Level 3 recognized in the current fiscal year is due to the investee’s listing on an exchange.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(iii) Quantitative Information about the financial instruments categorized within fair value hierarchy Level 3

The following tables present quantitative information on the material assets categorized within Level 3 of the fair value hierarchy, which were measured at fair value on a recurring basis.

As of March 31, 2022

| Category | Fair value | | Valuation technique | Significant unobservable inputs | Weighted average of input values |
|----------|------------|--------|-----------------------------|-----------------------------------|----------------------------------|
| | JPY | USD | | | |
| FVPL | 1,488 | 12,164 | Discounted cash flow method | Discount rate | 3.3% |
| FVPL | 894 | 7,306 | Net asset value method | — | — |
| FVOCI | 12,125 | 99,072 | Market multiple method | P/B ratio Illiquidity discount | 1.1times 30.0% |
| FVOCI | 1,120 | 9,158 | Net asset value method | — | — |

As of March 31, 2021

| Category | Fair value | Valuation technique | Significant unobservable inputs | Weighted average of input values |
|----------|------------|-----------------------------|-----------------------------------|----------------------------------|
| | JPY | | | |
| FVPL | 1,679 | Discounted cash flow method | Discount rate | 2.6% |
| FVPL | 2,032 | Net asset value method | — | — |
| FVOCI | 12,649 | Market multiple method | P/B ratio Illiquidity discount | 1.2times 30.0% |
| FVOCI | 951 | Net asset value method | — | — |

The significant unobservable inputs used in measuring the fair value of unlisted shares are the discount rate, illiquidity discount and P/B ratio (price-to-book ratio). A substantial increase (or decrease) in the discount rate or illiquidity discount causes the fair value to substantially fall (or rise), while a substantial increase (or decrease) in the P/B ratio causes the fair value to substantially rise (or fall).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(7) Financial assets measured at fair value through other comprehensive income

With respect to investments in equity instruments held for the purpose of maintaining and strengthening relationships with business partners, the Consolidated Group has designated such investments as financial assets to be measured at fair value through other comprehensive income in view of the holding purpose.

1) Fair value of major items of investment

The following tables present the fair value of major items of investment in equity instruments designated as financial assets measured at fair value through other comprehensive income.

As of March 31, 2022

| Name of issuer | Amount | |
|---|--------|---------|
| | JPY | USD |
| Tokio Marine Holdings, Inc. | 4,266 | 34,858 |
| PT Cisarua Mountain Dairy Tbk | 3,369 | 27,531 |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

2) Dividend income

| | JPY | | USD |
|--|------------|--------------|--------------|
| | 2022 | 2021 | 2022 |
| Investments derecognized during the year | 14 | 74 | 120 |
| Investments held at the end of the year | 949 | 943 | 7,762 |
| Total | 964 | 1,017 | 7,882 |

3) Financial assets measured at fair value through other comprehensive income that were derecognized during the fiscal year

The Consolidated Group periodically reviews its held shares and sells those shares that it holds without a strong rationale with gains or losses on sale recognized in other comprehensive income. The following table presents the fair value on the date of sale and cumulative gains or losses on sale.

| | JPY | | USD |
|-----------------------------------|-------|------|--------|
| | 2022 | 2021 | 2022 |
| Fair value on the date of sale | 1,287 | 141 | 10,520 |
| Cumulative gains (losses) on sale | 431 | 59 | 3,526 |

4) Reclassification to retained earnings

The Consolidated Group reclassifies to retained earnings cumulative gains or losses arising from changes in the fair value of financial assets measured at fair value through other comprehensive income in either of the following cases: when an investment is disposed of, or when there is a significant decline in the fair value. Such cumulative gains or losses in other comprehensive income that were reclassified to retained earnings for the years ended March 31, 2022 and March 31, 2021 were ¥210 million (\$1,721 thousand) and ¥(38) million, respectively.

(8) Hedge Accounting

(Cash Flow Hedge)

A cash flow hedge is a hedge of the exposure to variability in future cash flows arising from a forecast transaction or recognized assets or liabilities. While a hedge is designated as cash flow hedge as long as the hedge is effective, the changes in the fair value of qualifying hedging instrument should be recorded as other comprehensive income in the Consolidated Statement of Comprehensive Income. The Consolidated Group continues such accounting treatment until variability in future cash flows arising from unrecognized forecast transactions or recognized assets or liabilities designated as hedged items are recorded in profit or loss. Moreover, portions determined to be ineffective for hedging accounting are recognized in profit or loss.

The Consolidated Group designates the following instruments as cash flow hedges: forward exchange contracts to fix cash flows from foreign currency denominated receivables and payables, foreign currency denominated firm commitments and foreign currency denominated forecast transactions, interest rate swaps to fix variable interest rate on floating rate financial liabilities, and commodity futures to fix cash flows from forecast transactions of commodity trade.

When applying hedge accounting, the Consolidated Group confirms that there are economic relationships between the hedged items and hedging instruments through qualitative assessments, which show whether the critical terms of the hedging instruments and the hedged items match exactly or are closely aligned, and quantitative assessments, which show fluctuations of the value of hedged items and hedging instruments by the same risk offset each other, in order to confirm there are economic relationships that variability in fair value or cash flows of the hedged items that are attributable to the hedged risk shall be offset by the changes in fair value or cash flows of the hedging instruments. The Consolidated Group also establishes appropriate hedge ratios considering an economic relationship between hedging instruments and hedged items as well as risk management strategy.

The amounts recognized in profit or loss for the ineffective portion of the hedge are not material both for the fiscal years ended March 31, 2022 and March 31, 2021. In addition, the amounts reclassified from valuation differences on cash flow hedges to profit or loss are immaterial because the forecast transactions are no longer expected to occur.

Following are the carrying amounts of the hedging instruments as of March 31, 2022 and March 31, 2021. The fair value of financial assets related to hedging instruments is included in "Other financial assets" while the fair value of financial liabilities related to hedging instruments is included in "Other financial liabilities" in the consolidated statements of financial position.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

As of March 31, 2022

| | Notional amount | | Carrying amount | | | |
|------------------------------|-----------------|---------|-------------------|--------|------------------------|-------|
| | | | Derivative assets | | Derivative liabilities | |
| | JPY | USD | JPY | USD | JPY | USD |
| Foreign currency risk | | | | | | |
| Forward exchange contracts | 64,587 | 527,722 | 3,156 | 25,789 | 1,037 | 8,475 |
| Interest rate risk | | | | | | |
| Interest rate swap contracts | 4,724 | 38,598 | — | — | 16 | 131 |
| Commodity price risk | | | | | | |
| Commodity futures contracts | 1,189 | 9,718 | 93 | 765 | 87 | 713 |

As of March 31, 2021

| | Notional amount | | Carrying amount | |
|------------------------------|-----------------|--------|-------------------|------------------------|
| | | | Derivative assets | Derivative liabilities |
| | JPY | | JPY | JPY |
| Foreign currency risk | | | | |
| Forward exchange contracts | | 28,218 | | 1,289 |
| Interest rate risk | | | | |
| Interest rate swap contracts | | 11,300 | | — |
| Commodity price risk | | | | |
| Commodity futures contracts | | 476 | | 17 |

The following tables present the notional amount and average rates of main hedging instruments.

| Exchange contracts | Type | Notional amount and average rates | JPY | | USD |
|----------------------------|--------|--------------------------------------|--------|--------|---------|
| | | | 2022 | 2021 | 2022 |
| Forward exchange in USD | Export | Notional amount | 9,626 | 3,292 | 78,657 |
| | | Average rate (Yen/U.S. dollars) | 113.67 | 108.70 | — |
| | Import | Notional amount | 47,856 | 19,306 | 391,014 |
| | | Average rate (Yen/U.S. dollars) | 113.60 | 103.29 | — |

The longest terms of hedging cash flow fluctuation risks by “Forward exchange contracts”, “Interest rate swap contracts” and “Commodity price risk” are about 2 years 6 months, 6 months and 1 year, respectively.

The following tables present the carrying amount of cash flow hedge reserve as of March 31, 2022 and March 31, 2021.

As of March 31, 2022

| | Cash flow hedge reserve for continuing hedges (before tax) | | Cash flow hedge reserve for discontinuing hedge accounting (before tax) | |
|------------------------------|--|--------|---|---------|
| | JPY | USD | JPY | USD |
| Foreign currency risk | | | | |
| Forward exchange contracts | 2,119 | 17,314 | (123) | (1,009) |
| Interest rate risk | | | | |
| Interest rate swap contracts | (16) | (131) | — | — |
| Commodity price risk | | | | |
| Commodity futures contracts | 6 | 52 | (263) | (2,156) |

| Commodity futures contracts | (70) | (4) | Cost of sales |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(9) Transfer of financial assets

The Consolidated Group liquidates certain trade receivables by discounting notes or the like. However, with respect to some liquidated receivables, the Consolidated Group may be obligated to make payments as recourse for non-payment by the debtor. The Consolidated Group continues to recognize such liquidated receivables as they do not meet the criteria for derecognition of financial assets.

The Consolidated Group recognized such liquidated assets as “Trade and other receivables” in the amount of ¥1,784 million (\$14,580 thousand) and ¥1,509 million as of March 31, 2022 and March 31, 2021, respectively. In addition, liabilities relating to the deposit amounts which arose upon the transfer of such assets were accounted for as “Bonds and borrowings” in the amount of ¥1,784 million (\$14,580 thousand) and ¥1,509 million as of March 31, 2022 and March 31, 2021, respectively. Such liabilities are settled when payments for such liquidated assets are made, and the Consolidated Group may not use such liquidated assets until such settlement occurs.

(10) Offsetting financial assets and financial liabilities

The following tables present the financial assets and financial liabilities recognized for the same counterparties including financial instruments that were not offset even though they were covered by an enforceable master netting arrangement or similar agreement because they did not meet some or all of the offsetting criteria as of March 31, 2022 and March 31, 2021.

| | JPY | | USD |
|---|---------|-------|---------|
| | 2022 | 2021 | 2022 |
| Amounts of financial assets presented in the consolidated statement of financial position | 8,043 | 3,447 | 65,723 |
| Foreign exchange | 7,603 | 3,058 | 62,126 |
| Interest rate | — | — | — |
| Commodity | 440 | 388 | 3,597 |
| Amounts that were not offset even though they were covered by an enforceable master netting arrangement or similar agreement because they did not meet some or all of the offsetting criteria | (1,005) | (619) | (8,212) |
| Net amounts | 7,038 | 2,827 | 57,511 |

| | JPY | | USD |
|---|---------|-------|---------|
| | 2022 | 2021 | 2022 |
| Amounts of financial liabilities presented in the consolidated statements of financial position | 3,544 | 1,119 | 28,963 |
| Foreign exchange | 2,779 | 658 | 22,708 |
| Interest rate | 16 | 102 | 131 |
| Commodity | 749 | 358 | 6,124 |
| Amounts that were not offset even though they were covered by an enforceable master netting arrangement or similar agreement because they did not meet some or all of the offsetting criteria | (1,005) | (619) | (8,212) |
| Financial collateral pledged | (506) | (209) | (4,135) |
| Net amounts | 2,033 | 290 | 16,615 |

Certain financial assets and financial liabilities have not been offset because they do not meet some or all of the criteria for offsetting financial assets and financial liabilities. The rights to offset such financial assets and financial liabilities become enforceable only under particular circumstances, such as when the other party fails to discharge an obligation due to its bankruptcy or other such reasons.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

31. Leases

(1) Lessee

The Consolidated Group leases office building, computer-related equipment for the enterprise system (tools, furniture and fixtures) and other assets.

The profit or loss amounts recognized as lessee are presented as follows:

| | JPY | | USD |
|--|-------|-------|--------|
| | 2022 | 2021 | 2022 |
| Depreciation of right-of-use assets | | | |
| Buildings and structures | 7,506 | 7,228 | 61,334 |
| Machinery, vehicles, tools, furniture and fixtures | 704 | 666 | 5,759 |
| Others | 94 | 88 | 774 |
| Total | 8,306 | 7,984 | 67,867 |
| Interest expense on lease liabilities | 37 | 27 | 305 |
| Short-term lease expenses | 397 | 411 | 3,245 |
| Sublease income | 49 | 114 | 404 |

The cash outflow related to lease payments are presented as follows:

| | JPY | | USD |
|-------------------------|-------|-------|--------|
| | 2022 | 2021 | 2022 |
| Cash outflow for leases | 8,664 | 8,329 | 70,791 |

The information on the balance and increase or decrease of the right-of-use assets are provided in *Note 9. Property, Plant and Equipment* and *Note 10. Goodwill and Intangible Assets*.

And the information on the breakdown of lease liabilities by due date is presented in *Note 30. Financial Instruments: (4) Liquidity risk management*.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

(2) Lessor

The Consolidated Group leases out machinery, plumping equipment of LPG, aircraft parts and other assets.

The profit or loss amounts recognized as lessor are presented as follows:

| | JPY | | USD |
|------------------------------------|------|------|------|
| | 2022 | 2021 | 2022 |
| Profit or loss from finance leases | 5 | 6 | 47 |
| Lease income from operating leases | 121 | 135 | 991 |

The breakdown of lease receivables of finance lease and lease payments to be received of operating lease are presented as follows:

| | JPY | | | | USD | |
|---|----------------------|-------------------------------------|----------------------|-------------------------------------|----------------------|-------------------------------------|
| | 2022 | | 2021 | | 2022 | |
| | Lease receivables | Lease payments to be received | Lease receivables | Lease payments to be received | Lease receivables | Lease payments to be received |
| Within one year | 13 | 100 | 20 | 85 | 108 | 820 |
| Over one year and within two years | 6 | 66 | 9 | 59 | 49 | 542 |
| Over two years and within three years | 5 | 55 | 5 | 60 | 48 | 452 |
| Over three years and within four years | 5 | 8 | 5 | 49 | 46 | 68 |
| Over four years and within five years | 4 | 8 | 5 | 6 | 33 | 66 |
| Over five years | 7 | 7 | 8 | 6 | 59 | 59 |
| Total | 41 | 245 | 54 | 267 | 343 | 2,007 |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

32. Pledged Assets

(1) Pledged assets and associated secured liabilities

Details of pledged assets and associated secured liabilities are as follows:

| | JPY | | USD |
|--------------------------------------|-------|-------|--------|
| | 2022 | 2021 | 2022 |
| Pledged assets: | | | |
| Other financial assets (non-current) | 46 | 46 | 379 |
| Property, plant and equipment | 541 | 539 | 4,423 |
| Total | 587 | 585 | 4,802 |
| Associated secured liabilities: | | | |
| Borrowings (current) | 1,054 | 1,363 | 8,615 |
| Borrowings (non-current) | 542 | 680 | 4,436 |
| Total | 1,597 | 2,043 | 13,051 |

Trust receipts issued under customary import financing arrangements give banks a security interest in the goods imported or sales proceeds resulting from the sales of the goods. However, due to the large volume of transactions, it is impracticable to determine the aggregate amounts of assets covered by outstanding trust receipts and those transactions were not included in the above amounts.

(2) Assets pledged in lieu of guarantee money

The breakdown of assets pledged in lieu of guarantee money or the like is as follows:

| | JPY | | USD |
|--|-------|-------|--------|
| | 2022 | 2021 | 2022 |
| Assets pledged in lieu of guarantee money or guarantee funds | | | |
| Other investments | 4,167 | 3,316 | 34,053 |
| Total | 4,167 | 3,316 | 34,053 |

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

33. Contingent Liabilities

(1) Liabilities for guarantees

The Consolidated Group is contingently liable for guarantees on bank borrowings and trade payables owed by entities that do not belong to the Consolidated Group.

The Group may become responsible for the amounts that are unpayable by the borrower and for losses attached to the unpayable amounts.

| | JPY | | USD |
|--|-------|-------|--------|
| | 2022 | 2021 | 2022 |
| Liabilities for guarantees for equity method investees | 82 | 100 | 672 |
| Liabilities for guarantees for third parties | 1,194 | 1,052 | 9,757 |
| Total | 1,276 | 1,153 | 10,429 |

(Notes) 1. The above amounts include those for quasi-guarantee acts.

2. Liabilities for guarantees for third parties include the liabilities for guarantees covered by the insurance agreements that is limited to ¥1,189 million (\$9,716 thousand) for the fiscal year ended March 31, 2022 and ¥1,046 million for the fiscal year ended March 31, 2021, respectively.

(2) Legal proceedings

1) Legal proceeding

The Company's subsidiary, Kanematsu Communications Ltd., was subject to a claim brought by its business partner to the Tokyo District Court in April 2021 for damages, etc. caused by its default in connection with the transactions of communication services (the business partner claimed damages in the suit of ¥14,664 million (\$119,816 thousand)). However, it is difficult to make an estimation of the loss at present.

2) Arbitration

In May 2022, the Company was subject to a petition for arbitration (in the amount of US\$25 million), in which the Company is the respondent, with the American Arbitration Association from the seller's representative of a business investment project that was considered and abandoned in the United States of America, in connection with a claim for damages for breach of a nondisclosure agreement. However, it is difficult to make an estimation of the loss at present.

| Total | 331 | 309 | 2,710 |

- (Note) The amount of performance-linked stock compensation for the fiscal years ended March 31, 2022 and March 31, 2021 are expenses of performance-linked stock compensation during the fiscal years ended March 31, 2022 and March 31, 2021.

KANEMATSU CORPORATION AND CONSOLIDATED SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the fiscal year ended March 31, 2022

36. Share-based Payments

(1) Performance-Linked Stock Compensation Plan

The Company and certain subsidiaries implemented a Performance-Linked Stock Compensation Plan for Directors and Executive Officers. The aim of adoption of the Plan is to further clarify the linkage between compensation of Directors and Executive Officers and the corporate performance and stock value of the Company and certain subsidiaries, and to encourage them to contribute to mid- to long-term improvement in the corporate performance and expansion of corporate value because they will share the benefits and risks of stock price fluctuations with the shareholders.

Expenses related to the Performance-Linked Stock Compensation Plan for certain subsidiaries are not presented because they are not significant.

The vesting condition for the Performance-Linked Stock Compensation Plan for Directors and Executive Officers of the Company is that after granted date they will work continuously until achieving certain performance goals and vesting. The stocks will be granted to Directors and Executive Officers in the final year of the medium-term vision (from April 1, 2018 to March 31, 2024), or the fiscal year that achieved the medium-term vision.

(2) Granted stocks and granted prices of shares

The fair value of the granted date was estimated using the Black-Scholes model considering expected dividends based on past dividend payments. The number of shares granted during the fiscal years ended March 31, 2022 and March 31, 2021 and the weighted average share price are as follows.

| | 2022 | | | 2021 | |
|---|------------------|------------------------------|------------|------------------|------------------------------|
| | Number of shares | Weighted average share price | | Number of shares | Weighted average share price |
| | Share | Yen | U.S.dollar | Share | Yen |
| As of the beginning of the year | 102,036 | 1,490 | 12 | 70,220 | 1,524 |
| Granted | 82,564 | 1,439 | 12 | 41,183 | 1,441 |
| Exercised (Note) | (5,168) | 1,583 | 13 | — | — |
| Forfeited | — | — | — | (9,367) | 1,524 |
| As of the end of the year | 179,432 | 1,464 | 12 | 102,036 | 1,490 |
| Exercisable balance as of the end of the year | — | — | — | — | — |

(Note) The number of shares exercised during the fiscal year ended March 31, 2022 are the shares granted to an Executive Officer who resigned in the period.

(3) Stock compensation expenses

Performance-Linked Stock compensation Plan is equity-settled share-based payment transaction. The stock compensation expenses for the fiscal years ended March 31, 2022 and March 31, 2021 are ¥118 million (\$971 thousand) and ¥45 million, respectively.

37. Subsequent Events

Not applicable except for the matter specified in Note 33. *Contingent Liabilities: (2) Legal proceedings: 2) Arbitration.*
